2013-2014
LAP I SWS
SAGES Biliary Curriculum
Post-Test Questionnaire

Post-test Questionnaire

Name:_____

Date:_____

1. Do you feel comfortable with your current laparoscopic technical skills? (circle) **yes** **no**

2. Laparoscopy self-rating**:** How good are you at laparoscopic surgical skills?

   (circle) **very poor** **poor** **moderate** **good** **excellent**

3. Current laparoscoipic experience**:** *Since the first set of skills testing* (at the beginning of this course), how many laparoscopic cases have you performed?

	Estimated # of Laparoscopic Cases
Observer ***(only)***	
Assistant ***(ex. camera driver)***	

3. Do you feel more comfortable with your laparoscopic skills than you did at the beginning of training?

   (circle) **yes** **no**

4. Did training to proficiency levels improve your laparoscopic skills more than any other training?

   (circle) **yes** **no** **n/a**

5. Operative Improvement: Do you think that training to proficiency had a bigger impact on your ability to perform laparoscopic cases in the OR compared to the training/practice that you did previously?

   (circle) **yes** **no** **n/a**

6. Do you feel comfortable with your current laparoscopic suturing skills?

   (circle) **yes** **no**

7. Laparoscopic suturing self-rating: How good are you at laparoscopic suturing?

   (circle) **very poor** **poor** **moderate** **good** **excellent**

8. Current open experience**:** *Since the Lap I pre-test*, in how many cases have you performed laparoscopic suturing?

   total # of cases _____

9. Do you feel the skills acquired in Lap I have enhanced your laparoscopic endostitch suturing skills?

   (circle) **yes** **no** **n/a**

10. Operative Improvement: Do you think that training to proficiency levels for suturing had a bigger impact on your ability to perform laparoscopic cases in the OR compared the repetitions that you did previously?

    (circle) **yes** **no** **n/a**

11. Were the proficiency levels and the training protocol appropriate?

Not Appropriate = the proficiency levels and protocol were too challenging, took too much effort, and required too much practice

Appropriate = the proficiency levels and protocol were appropriately challenging and required a reasonable amount of effort and practice

	Not Appropriate				**Appropriate**
Bean Drop	1	2	3	4	5
Running String	1	2	3	4	5
Checkerboard	1	2	3	4	5
Block Move	1	2	3	4	5
Suture Foam (Endostitch)	1	2	3	4	5

12. During training (not counting the pre-test session), how many times did you watch the videos for each task?

(write in the # of times videos were viewed)

Bean Drop _____

Running string _____

Checkerboard _____

Block Move _____

Suture Foam_____

13. Did you receive adequate information for training from the videos?

Not Adequate				**Adequate**
1	2	3	4	5

14. Overall, what do you think about SAGES MIS Biliary Curriculum as a learning tool ?

(circle) **very poor** **poor** **moderate** **good** **excellent**

Approximately how many hours did you spend completing the SAGES MIS Biliary Curriculum? **Total Time:** _____

15. How much feedback did you receive during training from the instructors?

None				**Extensive**
1	2	3	4	5

16. Was the amount of feedback you received during training from the instructors appropriate?

Not Appropriate				**Appropriate**
1	2	3	4	5

Comments and Suggestions: _____

_____
