1. Can you please confirm the exact number of benefits-eligible employees? Does this number include students?

In April 2016, there were 13,419 full-time, benefits-eligible employees. We expect this number to grow to ~14,000 during the course of the contract. Please see information regarding students below.

2. Will students be covered in your backup care program?

No. Only full-time, benefits-eligible employees are eligible.

3. Would you be willing to share utilization data for the past 12 months from your current backup care program? This would help us price your program effectively.
4. Is there a different address and recipient for the HSP information?
The HSP should be sent in the same box as your RFP submission but as a separate document.
