SECTION 1

INTRODUCTION

1.1 Description of the University

The University of Texas Southwestern Medical Center ranks among the world’s leading academic medical centers, patient-care providers, and research institutions. Its faculty members, who are responsible for a broad array of groundbreaking biomedical research and patient care advances, are respected for their dedication to teaching, research, and clinical care. UT Southwestern’s physicians and other health care practitioners (e.g., nurses, physician assistants, psychologists, therapists, etc.) provide patients with the highest-quality care throughout the Medical Center’s two University Hospitals, outpatient and ambulatory clinics, and affiliated hospitals.

Part of The University of Texas System, UT Southwestern includes three degree-granting institutions: UT Southwestern Medical School, UT Southwestern Graduate School of Biomedical Sciences, and UT Southwestern School of Health Professions. The schools and UT Southwestern faculty train more than 4,700 medical, graduate, and health professions students, residents, and postdoctoral fellows each year.

As one of the foremost research facilities in the world, UT Southwestern – with six Nobel Laureates and 21 members of the prestigious National Academy of Sciences – advances the frontiers of biomedical research and generates discoveries that benefit society. Ongoing support from federal agencies such as the National Institutes of Health, along with foundations, individuals, and corporations, provide more than $415 million per year to fund more than 3,300 research projects.

UT Southwestern provides inpatient care to nearly 92,000 patients and performs more than 2.1 million outpatient/ambulatory visits annually. Its hospitals (William P. Clements Jr. University Hospital and Zale Lipshy University Hospital) offer patients superior care and outstanding service provided by a highly trained staff. In addition, UT Southwestern operates seven clinic facilities on campus, three Clinical Centers located off-campus in the North Texas community, and offers extensive clinical services through a network of well-respected, affiliated hospitals.
1.2 **Background and Special Circumstances**

Texas law authorizes institutions of higher education (defined by Section 61.003, Education Code) to use the group purchasing procurement method (ref. Sections 51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System ("UT System"), which is comprised of nine academic and six health universities described at [http://www.utsystem.edu/institutions](http://www.utsystem.edu/institutions). UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this could give rise to additional purchase volumes. As a result, in submitting its proposal in response to this RFP, Proposer should consider proposing pricing and other commercial terms that take into account such higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP.

1.3 **Objective of this Request for Proposal**

The University of Texas Southwestern Medical Center (the “University”) is soliciting proposals in response to this Request for Proposal (RFP) for Digital Radiography System for Aston Clinic.

It is University’s intent to respond to all appropriate questions and concerns; however, University reserves the right to decline to respond to any question or concern.

2.3 Criteria for Selection

The successful Proposer, if any, selected by University in accordance with the requirements and specifications set forth in this RFP will be the Proposer that submits a proposal in response to this RFP on or before the Submittal Deadline that is the most advantageous to University. The successful Proposer is referred to as the “Contractor.”

Proposer is encouraged to propose terms and conditions offering the maximum benefit to University in terms of (1) services to University, (2) total overall cost to University, and (3) project management expertise. Proposers should describe all educational, state and local government discounts, as well as any other applicable discounts that may be available to University in a contract for the Services.

An evaluation team from University will evaluate proposals. The evaluation of proposals and the selection of the Contractor will be based on the information provided by Proposer in its proposal. University may give consideration to additional information if University deems such information relevant.
The criteria to be considered by University in evaluating proposals and selecting the Contractor will be those factors listed below:

2.3.1 the cost of goods and services;
2.3.2 the reputation of the Proposer and of the Proposer’s goods or services;
2.3.3 the quality of the Proposer’s goods or services;
2.3.4 the extent to which the goods or services meet the University’s needs

2.5 Historically Underutilized Businesses

2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (each a “HUB”) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, the Contractor subcontracts any of the Services, then the Contractor must make a good faith effort to utilize HUBs certified by the Texas Building and Procurement Commission. Proposals that fail to comply with the requirements contained in this Section 2.5 will constitute a material failure to comply with advertised specifications and will be rejected by the University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by the Proposer is subject to review by the University to ensure compliance with the HUB program.

2.5.2 The University has reviewed this RFP in accordance with Chapter 1, Texas Administrative Code, Section 111.14, and has determined that subcontracting opportunities are NOT probable under this RFP.

Contractor agrees to cooperate with the Auditor in the conduct of the audit or investigation, including without limitation providing all records requested. Contractor will include this provision in all contracts with permitted subcontractors.
4.9 Venue; Governing Law

Dallas County, Texas, shall be the proper place of venue for suit on or in respect of this Agreement. This Agreement and all of the rights and obligations of the parties hereto and all of the terms and conditions hereof shall be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas.

4.10 Breach of Contract Claims

4.10.1 To the extent that Chapter 2260, Government Code, as it may be amended from time to time ("Chapter 2260"), is applicable to this Agreement and is not preempted by other applicable law, the dispute resolution process provided for in Chapter 2260 will be used, as further described herein, by University and Contractor to attempt to resolve any claim for breach of contract made by Contractor:

4.10.1.1 Contractor’s claims for breach of this Agreement that the parties cannot resolve pursuant to other provisions of this Agreement or in the ordinary course of business will be submitted to the negotiation process provided in subchapter B of Chapter 2260. To initiate the process, Contractor will submit written notice, as required by subchapter B of Chapter 2260, to University in accordance with the notice provisions in this Agreement. Contractor’s notice will specifically state that the provisions of subchapter B of Chapter 2260 are being invoked, the date and nature of the event giving rise to the claim, the specific contract provision that University allegedly breached, the amount of damages Contractor seeks, and the method used to calculate the damages. Compliance by Contractor with subchapter B of Chapter 2260 is a required prerequisite to Contractor’s filing of a contested case proceeding under subchapter C of Chapter 2260. The Chief Business Officer of University, or the other officer of University as may be designated from time to time by University by written notice thereof to Contractor in accordance with the notice provisions in this Agreement, will examine Contractor’s claim and any counterclaim and negotiate with Contractor in an effort to resolve the claims.

4.10.1.2 If the parties are unable to resolve their disputes under Section 4.11.1.1, the contested case process provided in subchapter C of Chapter 2260 is Contractor’s sole and exclusive process for seeking a remedy for any and all of Contractor’s claims for breach of this Agreement by University.

4.10.1.3 Compliance with the contested case process provided in subchapter C of Chapter 2260 is a required prerequisite to seeking consent to sue from the Legislature under Chapter 107, Civil Practices and Remedies Code. The parties hereto specifically agree that (i) neither the execution of this Agreement by University nor any other conduct, action or inaction of any representative of University relating to this Agreement constitutes or is intended to constitute a waiver of University’s or the state’s sovereign immunity to suit and (ii) University has not waived its right to seek redress in the courts.
4.10.2 The submission, processing and resolution of Contractor’s claim is governed by the published rules adopted by the Texas Attorney General pursuant to Chapter 2260, as currently effective, thereafter enacted or subsequently amended.

4.10.3 University and Contractor agree that any periods set forth in this Agreement for notice and cure of defaults are not waived.

4.11 Compliance with Law

Contractor is aware of, is fully informed about, and in full compliance with its obligations under existing applicable law and regulations, including but not limited to Title VI of the Civil Rights Act of 1964, as amended (42 USC 2000(D)), Executive Order 11246, as amended (41 CFR 60-1 and 60-2), Vietnam Era Veterans Readjustment Act of 1974, as amended (41 CFR 60-250), Rehabilitation Act of 1973, as amended (41 CFR 60-741), Age Discrimination Act of 1975 (42 USC 6101 et seq.), Non-segregated Facilities (41 CFR 60-1), Omnibus Budget Reconciliation Provision, Section 952, Fair Labor Standards Act of 1938, Sections 6, 7, and 12, as amended, Immigration Reform and Control Act of 1986, and Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals (PL 96-507), the Americans with Disabilities Act of 1990 (42 USC 12101 et seq.), the Civil Rights Act of 1991 and all laws and regulations and executive orders as are applicable.

4.12 University’s Right to Audit

At any time during the term of this Agreement and for a period of four (4) years thereafter University or a duly authorized audit representative of University, or the State of Texas, at its expense and at reasonable times, reserves the right to audit Contractor's records and books relevant to all services provided under this Agreement. In the event such an audit by University reveals any errors/overpayments by University, Contractor shall refund University the full amount of such overpayments within thirty (30) days of such audit findings, or University, at its option, reserves the right to deduct such amounts owing University from any payments due Contractor.

4.13 Access to Documents

To the extent applicable to this Agreement, in accordance with Section 1861(v)(l)(i) of the Social Security Act (42 U.S.C. 1395x) as amended, and the provisions of 42 CFR Section 420.300, et seq., Contractor agrees to allow, during and for a period of not less than four (4) years after the Agreement term, access to this Agreement and its books, documents, and records; and contracts between Contractor and its subcontractors or related organizations, including books, documents and records relating to same, by the Comptroller General of the United States, the U.S. Department of Health and Human Services and their duly authorized representatives.
4.14 Insurance

4.14.1 Contractor, consistent with its status as an independent contractor, will carry at least the following insurance in the form, with the companies and in the amounts (unless otherwise specified) as University may require:

4.14.1.1 Workers’ Compensation Insurance with statutory limits, and Employer’s Liability Insurance with limit of not less than One Million Dollars ($1,000,000) per accident or disease. Policies must include All States Endorsement and a waiver of all rights of subrogation and other rights against the University;

4.14.1.2 Commercial General Liability insurance, including Blanket Contractual Liability, Broad Form Property Damage, Personal and Advertising Injury, Completed Operations/Products Liability, Medical Expenses, Interest of Employees as additional insureds and Broad Form General Liability Endorsements, for at least One Million Dollars ($1,000,000) per occurrence on an occurrence basis;

4.14.1.3 Commercial Automobile Liability insurance covering all owned, non-owned or hired automobiles to be used by Contractor, with coverage for at least One Million Dollars ($1,000,000) Combined Single Limit Bodily Injury and Property Damage;

4.14.2 Contractor will deliver to University:

4.14.1.1 Evidence satisfactory to University in its sole discretion, evidencing the existence of all the insurance promptly after the execution and delivery hereof and prior to the performance or continued performance of any services to be performed by Contractor hereunder from or after the date of this Agreement; and

4.14.1.2 Additional evidence, satisfactory to University in its sole discretion, of the continued existence of all required insurance not less than thirty (30) days prior to the expiration of any required insurance. If, however, Contractor fails to pay any of the renewal premiums for the expiring policies, University will have the right to make the payments and set-off the amount thereof against the next payment coming due to Contractor under this Agreement.

Such insurance policies, with the exception of Workers’ Compensation and Employer’s Liability, will name and the evidence will reflect University as an Additional Insured and will provide that the policies will not be canceled until after thirty (30) days’ unconditional written notice to University, giving University the right to pay the premium to maintain coverage, in which event Section 11.2.2 will apply.
4.14.3 The insurance policies required in this Agreement will be kept in force for the periods specified below:

4.14.3.1 Commercial General Liability Insurance, and

4.14.3.2 Workers’ Compensation Insurance and Employer’s Liability Insurance will be kept in force until the Services have been fully performed and accepted by University in writing.

4.15 Indemnification

4.15.1 To the fullest extent permitted by law, Contractor will and does hereby agree to indemnify, protect, defend with counsel approved by University, and hold harmless University and The University of Texas System, and their respective affiliated enterprises, regents, officers, directors, attorneys, employees, representatives and agents (collectively “Indemnities”) from and against all damages, losses, liens, causes of action, suits, judgments, expenses (including reasonable attorneys’ fees), and other claims of any nature, kind, or description (collectively “Claims”) by any person or entity, arising out of, caused by, or resulting from Contractor’s performance under this Agreement and that are caused in whole or in part by any negligent act, negligent omission or willful misconduct of Contractor, anyone directly employed by Contractor or anyone for whose acts Contractor may be liable. The provisions of this Section will not be construed to eliminate or reduce any other indemnification or right which any Indemnitee has by law or equity.

4.15.2 In addition, Contractor will and does hereby agree to indemnify, protect, defend with counsel approved by University, and hold harmless Indemnities from and against all claims arising from infringement or alleged infringement of any patent, copyright, trademark or other proprietary interest arising by or out of the performance of services or the provision of goods by Contractor, or the use by Indemnities, at the direction of Contractor, of any article or material; provided, that, upon becoming aware of a suit or threat of suit for infringement, University will promptly notify Contractor and Contractor will be given the opportunity to negotiate a settlement. In the event of litigation, University agrees to reasonably cooperate with Contractor. All parties will be entitled to be represented by counsel at their own expense.

4.16 Press Releases

Except when defined as part of the Work, Contractor will not make any press releases, public statements, advertisement or other promotional materials using the name or logo of University or the name of any University employee, or referring to the Agreement or the engagement of Contractor as an independent contractor of University, or the purchase of goods or services by University, without the prior written approval of University. Requests for prior written approval of any such releases, public statements, advertisements or other promotional materials must be directed to University’s Director – Communications, Marketing and Public Affairs.
4.17 Assignment of Overcharge Claims

Contractor hereby assigns to University any and all claims for overcharges associated with the Contract arising under the antitrust laws of the United States, 15 U.S.C.A., Sec. 1 et seq., or arising under the antitrust laws of the State of Texas, Business and Commerce Code, Sec. 15.01, et seq.

4.18 Observance of University Rules and Regulations

Contractor agrees that at all times its employees, agents and permitted subcontractors (if any) will observe and comply with all regulations of the facilities, including but not limited to, no smoking, parking and security regulations.

4.19 Assignment and Subcontracting

Neither Contractor's interest in this Agreement, its duties and obligations under this Agreement nor fees due to Contractor under this Agreement may be subcontracted, assigned, delegated or otherwise transferred to a third party, in whole or in part, and any attempt to do so will (1) not be binding on University; and (2) be a breach of this Agreement for which Contractor will be subject to any remedial actions provided by Texas law, including Chapter 2161, Government Code. University, in addition to any other remedies, may report non-performance to the Texas Comptroller of Public Accounts, Texas Procurement And Support Services (relating to vendor Performance and Debarment Program). The benefits and burdens of this Agreement are, however, assignable by University.

4.20 Historically Underutilized Business Subcontracting Plan

Intentionally blank

4.21 Payment

University agrees to pay fees due under this Agreement in accordance with the Texas Prompt Payment Act ("Act"), Chapter 2251, Government Code. Pursuant to the Act, payment shall be deemed late on the 31st day after the later of: 1) the date the performance of the Services under this Agreement are completed, or 2) the date University receives an invoice for the Services. University will be responsible for interest on overdue payments equal to the sum of: 1) one percent, plus 2) the prime rate as published in the Wall Street Journal on the first day of July of the preceding fiscal year (University’s fiscal year begins September 1) that does not fall on a Saturday or Sunday.
4.22 Limitations

The parties to this Agreement are aware that there are constitutional and statutory limitations on the authority of the University (a state agency) to enter into certain terms and conditions of this Agreement, including, but not limited to, those terms and conditions relating to disclaimers and limitations of warranties; disclaimers and limitations of liability for damages; waivers, disclaimers and limitations of legal rights, remedies, requirements and processes; limitations of periods to bring legal action; granting control of litigation or settlement to another party; liability for acts or omissions of third parties; payment of attorneys’ fees; dispute resolution; indemnities; and confidentiality (collectively, the “Limitations”), and terms and conditions related to the Limitations shall not be binding on University except to the extent authorized by the laws and Constitution of the State of Texas.

4.23 Affirmative Action

Contractor agrees that a written copy of Contractor’s Civil Rights “Affirmative Action Compliance Program” will be provided simultaneously with this Agreement and incorporated for all purposes, or if Contractor is not required to have such a written program, the reason Contractor is not subject to such requirement will be provided in writing.

4.24 OSHA Compliance

Contractor represents and warrants that all articles and services furnished under this Agreement meet or exceed the safety standards established and promulgated under the Federal Occupational Safety and Health Law (Public Law 91-598) and its regulations in effect or proposed as of the date of this Agreement.

4.25 Certifications of Nonsegregated Facilities and Equal Employment Opportunities Compliance

Contractor certifies that, except for restrooms and wash rooms and one (1) or more lactation rooms each of which is segregated on the basis of sex: (1) it does not maintain or provide for its employees any segregated facilities at any of its establishments and that it does not permit its employees to perform their services at any location under its control where segregated facilities are maintained; (2) it will not maintain or provide for its employees any segregated facilities at any of its establishments; and (3) it will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. Contractor agrees that a breach of this certification is a violation of the Equal Opportunity clause in this Agreement. The term "segregated facilities" means any waiting rooms, work area, rest rooms and wash rooms, entertainment areas, transportation, or housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom, or otherwise. Contractor further agrees that, except where it has contracts prior to the award with subcontractors exceeding $10,000.00 which are not exempt from the provisions of the Equal Opportunity clause, Contractor will retain such certifications for each one of its subcontractors in Contractor’s files, and that it will forward the following notice to all proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENTS FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES - A Certification on Nonsegregated Facilities must be submitted prior to the award of any subcontract exceeding $10,000.00 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually, or annually).
Contractor understands that the penalty for making false statements regarding the subject matters of this Section is prescribed in 18 U.S.C. 1001.

4.26 Premises Rules

If this Agreement requires Contractor’s presence on University’s premises or in University’s facilities, Contractor agrees to cause its representatives, agents, employees and permitted subcontractors (if any) to become aware of, fully informed about, and in full compliance with all applicable University rules and policies, including, without limitation, those relative to personal health, security, environmental quality, safety, fire prevention, noise, smoking, and access restrictions.

4.27 Debarment

Contractor confirms that neither Contractor nor its Principals are suspended, debarred, proposed for debarment, declared ineligible, or voluntarily excluded from the award of contracts from United States (“U.S.”) federal government procurement or nonprocurement programs, or are listed in the List of Parties Excluded from Federal Procurement or Nonprocurement Programs issued by the U.S. General Services Administration. "Principals" means officers, directors, owners, partners, and persons having primary management or supervisory responsibilities within a business entity (e.g. general manager, plant manager, head of a subsidiary, division or business segment, and similar positions). Contractor shall provide immediate written notification to University if, at any time prior to award, Contractor learns that this certification was erroneous when submitted or has become erroneous by reason of changed circumstances. This certification is a material representation of fact upon which reliance will be placed when University executes this Agreement. If it is later determined that Contractor knowingly rendered an erroneous certification, in addition to the other remedies available to University, University may terminate this Agreement for default by Contractor.

4.28 Office of Inspector General Certification

Contractor acknowledges that University is prohibited by federal regulations from allowing any employee, subcontractor, or agent of Contractor to work on site at University’s premises or facilities if that individual is not eligible to work on federal healthcare programs such as Medicare, Medicaid, or other similar federal programs. Therefore, Contractor shall not assign any employee, subcontractor or agent that appears on the List of Excluded Individuals issued by the United States Office of the Inspector General ("OIG") to work on site at University’s premises or facilities. Contractor shall perform an OIG sanctions check quarterly on each of its employees, subcontractors and agents during the time such employees, subcontractors and agents are assigned to work on site at University’s premises or facilities. Contractor acknowledges that University will require immediate removal of any employee, subcontractor or agent of Contractor assigned to work at University's premises or facilities if such employee, subcontractor or agent is found to be on the OIG's List of Excluded Individuals. SECTION 2: EXECUTION OF OFFER ..................................................................................31
SECTION 3: PROPOSER’S GENERAL QUESTIONNAIRE.......................................................34
SECTION 1
GENERAL INFORMATION

1.1 Purpose

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the services to be performed, the detailed requirements of the services to be provided, and the conditions under which such services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

1.2 Inquiries and Interpretations

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University’s responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone number and FAX number to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to such party.

1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the Texas Public Information Act (Government Code, Chapter 552.001, et seq.). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under Sections 552.101, 552.110, 552.113, and 552.131, Government Code.

1.4 Type of Agreement

The Contractor, if any, will be required to enter into a contract with University in a form that (i) includes terms and conditions substantially similar to the terms and conditions set forth in Section 4 of this RFP, and (ii) is otherwise acceptable to University in all respects (the “Agreement”).

1.5 Proposal Evaluation Process

University will select the Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Date or that are not accompanied by the number of completed and signed originals and copies, paper and electronic, that are required by this RFP will be rejected by the University as non-responsive due to material failure to comply with advertised specifications. After the opening of the proposals and upon completion of the initial review and evaluation of the proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of the Contractor.

University may make the selection of the Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of the Contractor on the basis of negotiation with any of the Proposers. In conducting such negotiations, University will avoid disclosing the contents of competing proposals.

At University’s sole option and discretion, University may discuss and negotiate all elements of the proposals submitted by selected Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University will defer further action on proposals not included within the competitive range pending the selection of the Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interests of University.
After submission of a proposal but before final selection of the Contractor is made, University may permit a Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

1.6 Proposer’s Acceptance of Evaluation Methodology

By submitting a proposal, Proposer acknowledges (1) Proposer’s acceptance of [a] the Proposal Evaluation Process (ref. Section 1.5 of APPENDIX ONE), [b] the Criteria for Selection (ref. 2.3 of this RFP), [c] the Specifications and Additional Questions (ref. 1.7 Solicitation for Proposal and Proposal Preparation Costs

Proposer understands and agrees that (1) this RFP is a solicitation for proposals and University has made no representation written or oral that one or more agreements with University will be awarded under this RFP; (2) University issues this RFP predicated on University’s anticipated requirements for the Services, and University has made no representation, written or oral, that any particular scope of services will actually be required by University; and (3) Proposer will bear, as its sole risk and responsibility, any cost that arises from Proposer’s preparation of a proposal in response to this RFP.

Proposer submits its proposal at its own risk and expense.

1.8.4 Proposals that (i) are qualified with conditional clauses; (ii) alter, modify, or revise this RFP in any way; or (iii) contain irregularities of any kind, are subject to disqualification by University, at University’s sole discretion.

1.8.5 Proposals should be prepared simply and economically, providing a straightforward, concise description of Proposer’s ability to meet the requirements and specifications of this RFP. Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.

1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP when deemed to be in University’s best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University’s sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.

1.8.7 Any proposal that fails to comply with the requirements contained in this RFP may be rejected by University, in University’s sole discretion.

Proposer should explain the reason when responding N/A or N/R.

1.9.2 Execution of Offer

Proposer must complete, sign and return the attached Execution of Offer (ref. Section 2 of APPENDIX ONE) as part of its proposal. The Execution of Offer must be signed by a representative of Proposer duly authorized to bind the Proposer to its proposal. Any proposal received without a completed and signed Execution of Offer may be rejected by University, in its sole discretion.

1.9.3 Pricing and Delivery Schedule

Proposer must complete and return the Pricing and Delivery Schedule (ref. Section 6 of this RFP), as part of its proposal. In the Pricing and Delivery Schedule, the Proposer should describe in detail (a) the total fees for the entire scope of the Services; and (b) the method by which the fees are calculated. The fees must inclusive of all associated costs for delivery, labor, insurance, taxes, overhead, and profit.

University will not recognize or accept any charges or fees to perform the Services that are not specifically stated in the Pricing and Delivery Schedule.

In the Pricing and Delivery Schedule, Proposer should describe each significant phase in the process of providing the Services to University, and the time period within which Proposer proposes to be able to complete each such phase.

In addition, the name and the return address of the Proposer should be clearly visible.

Upon Proposer’s request and at Proposer’s expense, University will return to a Proposer its proposal received after the Submittal Deadline if the proposal is properly identified. University will not under any circumstances consider a proposal that is received after the Submittal Deadline.

University will not accept proposals submitted by telephone, proposals submitted by Facsimile (“FAX”) transmission, or proposals submitted solely by electronic transmission (i.e., e-mail) in response to this RFP.

Except as otherwise provided in this RFP, no proposal may be changed, amended, or modified after it has been submitted to University. However, a proposal may be withdrawn and resubmitted at any time prior to the Submittal Deadline. No proposal may be withdrawn after the Submittal Deadline without University’s consent, which will be based on Proposer’s submittal of a written explanation and documentation evidencing a reason acceptable to University, in University’s sole discretion.

By signing the Execution of Offer (ref. Section 2 of APPENDIX ONE) and submitting a proposal, Proposer certifies that any terms, conditions, or documents attached to or referenced in its proposal are applicable to this procurement only to the extent that they (a) do not conflict with the laws of the State of Texas or this RFP and (b) do not place any requirements on University that are not set forth in this RFP or in the Appendices to this RFP. Proposer further certifies that the submission of a proposal is Proposer’s good faith intent to enter into an agreement with University as specified herein and that such intent is not contingent upon University’s acceptance or execution of any terms, conditions, or other documents attached to or referenced in Proposer’s proposal.
