Leaders in Clinical Excellence Awards 2019

Oct. 8, 2019

Dr. Andrew Lee, Executive Vice President for Academic Affairs, Provost, and Dean of the Medical School; Dr. John Warner, Executive Vice President for Health System Affairs; and I are very pleased to announce the recipients of the 2019 UT Southwestern Leaders in Clinical Excellence Awards. This program was established last year by the Board of Directors of the UT Southwestern Medical Group to honor the exceptional contributions of clinical faculty to the care of our patients, to the education of the next generation of health care professionals, and to UT Southwestern overall. Beginning this year, the Patricia and William L. Watson Jr., M.D. Award for Excellence in Clinical Medicine, which remains UT Southwestern's highest honor for clinical care, has been incorporated into the Leaders in Clinical Excellence Awards, so the program now comprises seven categories of awards.

The 2019 recipients of these awards are identified below. Each recipient represents the commitment and dedication to high-quality patient care that has earned UT Southwestern increasing recognition in recent years, both locally and nationally. Each also serves as an inspiration to all of us in the delivery of care to our patients and in service to our institution.

We invite you to read more about each of the recipients in an upcoming feature on [Center Times Plus](#) and in the November print edition of *Center Times*. In the meantime, **please plan to attend the award ceremony at 4:30 p.m. on November 6 in Gooch Auditorium**. It will be followed by a celebration reception on McDermott Plaza (weather permitting). We look forward to the ceremony and reception becoming an annual event for the entire campus community.

Please join Dr. Lee, Dr. Warner, and me in congratulating the 2019 award recipients, and indeed all of our nominees, for their outstanding efforts. We also wish to thank everyone who submitted nominations, as well as the members of the selection committee, led by Drs. John Mansour and Maeve Sheehan, for their time and care in evaluating the more than 100 excellent nominations received from the UT Southwestern community.
