Postdoctoral fellow(s) in bioinformatics and genomics/genetics

The Center for Bioinformatics and Genetics and the Primary Care Research Network at the Edward Via College of Osteopathic Medicine (VCOM) is seeking candidates for several postdoctoral fellow positions. The center and network traverse three campuses (Blacksburg, VA; Spartanburg, SC; Birmingham, AL) and is home based in Blacksburg. The group is highly collaborative, and fellows are expected to develop approaches to data analytics and apply to large datasets to develop mechanistic understanding of disease and translate to the clinic. Fellows will be expected to champion scholarly research efforts, manuscripts, grant applications, and presentations; supporting the efforts of the group while advancing their professional careers.

The group is led by Harold "Skip" Garner, previously in UTSW'S McDermott Center. Information about VCOM can be found at www.vcom.edu. Please submit cv to skipgarner@gmail.com.

Dr. Harold "Skip" Garner

Executive Director, Primary Care Research Network and the Center for Bioinformatics and Genetics, Edward Via College of Osteopathic Medicine (VCOM)
Professor of Biomedicine, VCOM
Executive Director, MITTE Office, Virginia Tech
Professor of Medicine, Virginia Tech Carilion School of Medicine
CSO: Genomeon, Heliotext, Quanta Lingua and Comperity
