This is a general information publication only. It is not intended to, nor does it, contain all regulations that relate to students. This catalog, although revised periodically, cannot always reflect up-to-the-minute changes or developments in programs of UT Southwestern Graduate School of Biomedical Sciences. Contents of the catalog are therefore subject to revision without notice. Changes will become effective whenever the proper authority so determines and will apply to both prospective students and those already enrolled.

The University of Texas Southwestern Medical Center reserves the right to withdraw courses at any time and change tuition or fees, rules, calendar, curriculum, degree programs, degree requirements, graduation procedures, and any other requirement affecting students. The provisions of this catalog do not constitute a contract, express or implied, between any applicant, student, or faculty member and The University of Texas System, The University of Texas Southwestern Medical Center, or UT Southwestern Graduate School of Biomedical Sciences. It is the goal of UT Southwestern that its campus be accessible to people with physical disabilities and free from unnecessary physical barriers. Individual requests for accommodations will be reviewed by the program to which the student applies and, if necessary, by the campus-wide Rehabilitation Task Force, which may be contacted through the Office of the Registrar.

UT Southwestern is a component of The University of Texas System and is subject to the Rules and Regulations of the Board of Regents of The University of Texas System. To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored or conducted by The University of Texas System or any of its component institutions on the basis of race, color, national origin, religion, sex, age, veteran status, or disability.
