Host-Pathogen Interactions

Two postdoctoral positions are available in the laboratory of Dr. Kim Orth, an HHMI Investigator in the Department of Molecular Biology of UT Southwestern Medical Center. The Orth Lab studies host-pathogen interactions with an emphasis on host signaling.

These positions are for an entry level postdoc with expertise in either biochemistry or molecular microbiology. Interested individuals should send a CV, a one page summary of previous work and future research interests and information for contacting three (3) academic referees to:

Dr. Kim Orth, Ph.D.
UT Southwestern Medical Center
5323 Harry Hines Blvd.
Dallas, TX 75390
Kim.Orth@utsouthwestern.edu

UT Southwestern Medical Center is an Affirmative Action/Equal Opportunity Employer. Women, minorities, veterans and individuals with disabilities are encouraged to apply.
