Molecular Mechanisms Controlling Lymphangiogenesis

A postdoctoral position is available in the laboratory of Michael Dellinger, Ph.D., located in the Hamon Center for Therapeutic Oncology Research to study the development of the lymphatic vasculature, human lymphatic diseases, and the role lymphatic vessels serve in the tumor microenvironment. Please visit our website at: http://www.utsouthwestern.edu/labs/dellinger for more information about our research.

Candidates must hold a Ph.D. and/or M.D. degree. Experience with genetically engineered mouse models and tissue culture is recommended.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Michael T. Dellinger, Ph.D.
Assistant Professor
Division of Surgical Oncology
Department of Surgery
Hamon Center for Therapeutic Oncology Research, NB8.212A
UT Southwestern Medical Center
6000 Harry Hines Blvd
Dallas, TX 75390-8593

Telephone: 214-648-4907
Fax: 214-648-4940
Email: michael.dellinger@utsouthwestern.edu
