I welcome you to UT Southwestern Medical Center and if you are a potential postdoctoral scholar, I hope you will decide to join us here for your postdoctoral training!

UT Southwestern is committed to its strong postdoctoral training program. We recognize you as crucial participants in keeping UT Southwestern at the forefront of biomedical research. As one of the world’s foremost research institutions, UT Southwestern fosters collaborative multidisciplinary research and rigorous scientific training in both basic and clinical research. UT Southwestern is recognized for its world-class faculty, including Nobel Laureates, members of the National Academy of Sciences, members of the American Academy of Arts and Sciences, Howard Hughes Medical Institute investigators, and a Shaw Prize recipient. The faculty research interests are diverse and comprehensive at UT Southwestern.

The Postdoctoral Affairs Office is here to assist with the appointment and training of over 500 Postdoctoral Scholars in 38 departments/centers. We work closely with the International Affairs Office since over 60% of our postdoctoral scholars are visa-holders. We also support the Postdoctoral Association (PDA) which publishes an electronic newsletter as well as hosting events to develop a sense of community, provide career development opportunities, and ease the transition of new, particularly international postdoctoral scholars. We have developed a Postdoctoral Certificate Training Program with the goal to provide a structured program to aid the transition of each trainee to career independence through the development of core competencies in professional and research skills.

We strive to meet the “best practices” identified by the National Postdoctoral Association in terms of offering competitive pay (NIH pay scale), excellent medical and retirement benefits, on-site child care, fitness and recreation participation opportunities at the Bryan Williams, M.D. Student Center, technical assistance with computers, and access to career and professional development services.

The Postdoctoral Affairs Office has developed this handbook to help familiarize you with the policies and resources available to postdoctoral scholars at UT Southwestern and in the Dallas area. I hope that you will take full advantage of the opportunities available here to make impactful discoveries both in your research field and in your own personal experiences. We look forward to your contributions to our university mission of education, research, and improving health care as we strive to be the future of medicine, today.

Best wishes!

Deirdre Brekken, Ph.D.
Assistant Dean for Postdoctoral Affairs
A postdoctoral appointment is offered to an individual who has recently been awarded a Ph.D. or equivalent doctorate in an appropriate field and who will be involved in full-time research. The purpose of this appointment is to prepare the individual for a career as an academic or research scientist or other position requiring advanced knowledge and training in a scientific discipline. The postdoctoral scholar is supervised by a faculty member, has the freedom and is expected to publish the results of his or her research during the period of appointment. This definition of the postdoctoral scholar closely follows recommendations from the American Association of Medical Colleges (AAMC). Time in postdoctoral training at UT Southwestern, combined with experience from other institutions, is limited to six years.

Why UT Southwestern?

Our world-class faculty is recognized internationally as leaders in their fields. Faculty research interests are diverse and comprehensive.

- Nobel Laureates
- National Academy of Sciences members
- American Academy of Arts and Sciences members
- Howard Hughes Medical Institute investigators
- Institute of Medicine members

Outstanding Postdoctoral Training

- Career development that aids in the transition to career independence by enhancing professional and research skills
- Postdoctoral Certificate Training Program
- Community of more than 500 postdoctoral scholars in over 30 departments and centers
- Postdoctoral Affairs Office
- International Affairs Office
- Access to the Bryan Williams, M.D. Student Center with services such as a fitness center and intramural sports
- Membership in the Postdoctoral Association

UT Southwestern is considered the premier biomedical research institution in the Southwest. On the basis of federal individual research grant support, UT Southwestern consistently ranks among the top 10 biomedical research institutions in the country. Investigators’ discoveries form the foundation for new ways to prevent or treat disease.

The Dallas/Fort-Worth Metroplex is a cultural center, rich in the arts, as well as a sports center for major league teams in football, baseball, basketball, hockey, and soccer. There are has many recreational parks and opportunities to participate in outdoor sports all year round due to mild winter weather. Dallas offers a very affordable cost of living that allows a comfortable lifestyle amidst world-class scientific excellence and postdoctoral training.

APPOINTMENT AND REAPPOINTMENT PROCESS

OFFER LETTER

Before you begin your postdoctoral training at UT Southwestern, you should receive an offer letter with the signature of the faculty mentor, the department chair, and the Postdoctoral Affairs Office. This offer letter should include your pay, general benefits information, and basic terms of the appointment including the period of
appointment. The signed offer letter can usually be used to verify employment and income when renting an apartment. There will also be pre-employment paperwork that must be signed and returned to the departmental administrator.

At time of reappointment, you and your mentor should review the proposed pay as well as expectations and the future training plan.

Be aware that your postdoctoral training cannot exceed six years, including previous training at another institution.

PART-TIME APPOINTMENT

Part-time postdoctoral scholar appointments may be approved with prior justification. The six year limit to postdoctoral training may not be exceeded due to part-time appointment without prior approval of the Department Chair/Center Director and the Dean. Full time postdoctoral scholar appointments may not be changed to part-time without justification and prior approval of the Department Chair/Center Director and the Assistant Dean for Postdoctoral Affairs.

ADDITIONAL EMPLOYMENT

A postdoctoral scholar is generally prohibited from accepting outside employment during his or her appointment. Requests to accept outside employment must first be approved by the individual's postdoctoral mentor, the department chair/center director and the dean or his/her designee. Any postdoctoral scholar that receives approval to accept outside employment must then adhere to all applicable UT Southwestern and UT System policies, especially relating to conflicts of interest.

VISAS AND THE OFFICE OF INTERNATIONAL AFFAIRS:

If you are offered a Postdoctoral position at UT Southwestern Medical Center and need a visa to enter the United States, the Office of International Affairs will work with you and the inviting department to identify and secure appropriate visa classification.

The nature of your UT Southwestern activities as well as your prior U.S. immigration status, long-term professional goals, and institutional policy will be considered in determining the appropriate visa classification for you. The Office of International Affairs will contact you with detailed instructions and are available to answer your questions throughout the visa process.

The Office of International Affairs prepares the following visa documents/applications “in house”:

- J-1 Exchange Visitor
- F-1 Optional Practical Training (OPT)
- H-1B Specialty Occupation Worker
- TN (Treaty NAFTA) visa (Canadian or Mexican citizen only.)

The Office of International Affairs also provides services such as the Postdoctoral Buddy Program, the Loan Closet, and English as a Second Language classes.
J-1 VISAS

Non-immigrants with J-1 visas are called Exchange Visitors because they participate in the Exchange Visitor Program. The Exchange Visitor Program promotes mutual understanding between the peoples of the United States and other countries through educational and cultural exchange.

Although there are several categories under which an Exchange Visitor may participate at UT Southwestern Medical Center, the majority of our Visitors are Research Scholars or Medical Trainees.

- **How to apply for a J-1 Visa**

For an estimated timeline of how long this visa will take to be processed, please see:

- Initial J-1 application for prospective international visitor who is abroad
- Transfer J-1 application for prospective international visitor who is currently a J-1 visa at another institution

F-1 OPTIONAL PRACTICAL TRAINING (OPT)

Optional Practical Training is a period during which students with F-1 status who have recently completed their degrees are permitted to work for at most one year on a student visa towards getting practical training to complement their field of studies.

In order to receive your “Optional Practical Training” work authorization when you need it, it is very important that you contact the International Affairs Office at least 3-4 months prior to your program completion date (e.g., thesis/dissertation defense date or end of final term) to apply for optional practical training.

H-1B VISAS

H-1B Visa Status is a non-immigrant visa status for temporary workers engaged in specialty occupations. The H-1B is not transferable as it is sponsored by a specific employer and is valid only at that employer's location. However, if you already hold valid H-1B status we may be able to get an H-1B for UT Southwestern Medical Center in less time than if you hold another visa status.

As with all non-immigrant visas, individuals with H-1B visas must schedule a check-in interview with the International Affairs Office on or before the first day of employment.

For an estimated timeline of how long this visa will take to be processed, please see:

- Initial H-1B application for prospective international employee who is abroad
- Transfer H-1B application for prospective international employee who is currently an H-1B at another institution
- Application for change of visitor status to H-1B

TN VISA

TN status is available to Canadian and Mexican citizens who will be employed in specific occupations. Information is available at the Department of State TN visa section. To qualify for a TN at UT Southwestern, you must be an employee paid a salary by UT Southwestern. TN status is only valid for the employer for which it was initially issued.
As with all other non-immigrant visas, persons in TN status are required to schedule a check-in interview with the International Affairs Office on or before the first day of employment. After you have been offered a position and support of TN status by a UT Southwestern faculty member or supervisor, the International Affairs Office will help you apply for TN status.

EDUCATION CREDENTIAL EVALUATION

To be appointed as a postdoctoral scholar at UT Southwestern, candidates with foreign doctoral degrees must provide an Education Credential Evaluation, regardless of the type of visa for which the candidate is applying for. The International Office website lists recommended private companies who are authorized by the Bureau of Citizenship and Immigration Services to provide evaluations of foreign educational degrees.

We recommend that you contact a few different companies to compare fees and processing times. You will need to have only your doctoral degree evaluated. The evaluation does not need to include a course-by-course evaluation, but simply an evaluation of the diploma itself.

ENGLISH AS A SECOND LANGUAGE

UT Southwestern Medical Center postdoctoral scholars whose native language or language of instruction is not English may participate in English as a Second Language classes. If interested, contact the International Affairs Office.

ORIENTATION

New Employee Orientation (NEO), offered by Human Resources is mandatory and provides employees with valuable information about UT Southwestern, our mission, our vision, and available resources. Your department/center administrator will set up a date for this orientation. You will likely have additional training sessions to attend depending on your area of research.

ID BADGES

UT Southwestern Medical Center issues identification badges to new employees during New Employee Orientation. This card will be programmed to identify you and may only be used by you. The identification card may also serve as a parking garage card, door control smart card, and library card. There is a replacement fee for badges that are lost. Please go here for more information about ID badges.

INTRODUCTORY PRESENTATION TO POSTDOCTORAL TRAINING

On the second Friday of every month, the Postdoctoral Affairs Office holds an introductory presentation that is mandatory for all incoming postdoctoral scholars. Here you will learn about the certificate program, get more details on benefits, and other helpful information for your training at UT Southwestern. You will receive email communication with the specific date, time, and location within a couple of weeks of your appointment.

THREE MONTH REVIEW

You and your mentor should sit down and have a discussion after your first three months of your appointment. This needs to be a frank evaluation and discussion of your abilities, progress, and goals. The Three Month Review is kept in your departmental file.
CLASSIFICATIONS

There are currently two categories of postdoctoral scholars. It is important to know your category for tax and benefit planning purposes:

- **Postdoctoral Researcher**
  - paid fully by UT Southwestern
  - Academic Training Position employee
  - Eligible for employee benefits

- **Fully Paid Direct Postdoctoral Research Fellow**
  - 100% funded by an entity which is not UT Southwestern
  - non-employee fellow, Person of Interest
  - Not eligible for employee benefits

COMPENSATION

Postdoctoral scholars are paid on the first working day of each month. UT Southwestern pays its Postdoctoral scholars in accordance with the **NIH Pay Scale**.

DEPARTMENT/CENTER PAY PLANS

While the minimum pay of our postdoctoral scholars is established by the Graduate School Dean, departments or centers may determine when during the year their Postdoctoral scholars get pay raises. If you have any questions regarding when annual raises occur, please ask your department or center administrator. Some departments or centers offer bonuses for receiving a competitive fellowship, certain publications, or certain skill-sets. The amount of bonus varies by department or center, so be sure to ask the administrator for a copy of the postdoc pay plan for your department or center.

TAX INFORMATION

**Disclaimer:** The Office of International Affairs and the Postdoctoral Affairs Office does not provide tax advice of any kind. Instead, they will direct you to reliable resources of tax information.

Everyone that earns U.S. income must file an annual tax report, or “income tax return,” by April 15 for January through December of the previous calendar year. Those paid only from a source outside of the U.S., or whose U.S. income is exempt from federal tax under a tax treaty must still file a short tax form by June 15. The tax you owe is a percentage of the amount of U.S. income you earn. The amount of tax withheld by your U.S. employer is an estimate of the amount you may owe. Completing an annual a tax return allows for adjustments. The federal agency responsible for taxation is the **Internal Revenue Service (IRS)**. Non-residents for tax purposes usually file Form 1040NR or 1040NR-EZ.

SOCIAL SECURITY TAX

Nonresidents for tax purposes are usually exempt from social security tax for a specified period. Once requirements to be treated as a U.S. resident for tax purposes are met, Social Security tax should be withheld from U.S. payments for services. Please refer to **Tax Publication 519 - U.S. Tax Guide for Aliens** for more information.
OTHER TAXES

Texas does not have a state income tax and the City and County of Dallas does not impose payroll or income taxes. An 8.25% sales tax, which is a combination of city (1%), busing (1%) and state sales taxes (6.25%), applies to most retail purchases, except groceries and medicine.

The Office of International Affairs has tax information for visa holders on their website.

The National Postdoctoral Association has a website that addresses tax issues for postdoctoral scholars.

BENEFITS

UT Southwestern Medical Center offers its employees a broad range of benefits. Health, insurance, and retirement benefits through The University of Texas System provide comprehensive health and welfare benefits at little or no cost.

NATIONAL HOLIDAYS, VACATION, AND SICK LEAVE

NATIONAL HOLIDAYS

The State of Texas Legislature designates holidays each fiscal year. The total number of holidays awarded to state employees fluctuates annually because when holidays fall on Saturday or Sunday, they are not observed.

In a typical year, UT Southwestern will observe and be closed on the following holidays:

- Labor Day
- Thanksgiving Day
- Day after Thanksgiving
- Christmas Eve
- Christmas Day
- New Year’s Day
- Martin Luther-King, Jr.’s Birthday
- Memorial Day
- Independence Day

The remaining Federal holidays (48 hours) will be designated as “Floating Holidays” to give employees more flexibility in choosing their own time off. These 48 hours will be evenly distributed throughout the 12 month fiscal year. Floating holiday hours may be scheduled with prior approval of the employee’s immediate supervisor. Floating holidays do not have a “wait” period before the employee may schedule the use.

VACATION AND SICK LEAVE

All vacation must have prior approval by your immediate supervisor. The accrual rates start at 8 hours of vacation and 4 hours of floating holiday per month. Vacation time accruals increase 1hr/month at 2 years, 5 years, and at 5 year increments from then on. There is a six month waiting period before a new employee can use accrued vacation time. Fully paid direct postdoctoral scholars do not accrue UT Southwestern Vacation and Sick Leave, but should track their time and effort within their department or center.

UT Southwestern provides sick leave to eligible employees for time away from work. Please contact Employee Relations for information regarding the administration/usage of accruals. Read the Sick Leave policy for more information. There is no wait time to use sick leave, and you will accrue 8 hours a month.

Employees can donate sick time to the sick leave pool or apply for Catastrophic Sick Leave, if needed.
The Family and Medical Leave Act (FMLA) provides up to 12 weeks of unpaid leave (up to 26 weeks for military caregiver leave) and provides job protection and insurance premium sharing for eligible employees for medical conditions affecting the employee or an immediate family member. Vacation and sick leave balances must be exhausted before the unpaid leave starts. Fully paid direct Postdoctoral Fellows are not eligible for FMLA.

Parental Leave

Employees not eligible for leave for the birth of a child under the Family Medical Leave Act (FMLA) may be eligible for leave under State Parental Leave.

Parental leave provides up to 12 weeks of unpaid leave for the birth of a child as well as the adoption or foster care placement of children under three years of age. Parental Leave begins on the day of the natural child’s birth.

Medical Benefits

UT Select Preferred Provider Organization (PPO) administered by Blue Cross/Blue Shield of Texas, Inc. is a comprehensive medical plan including medical, behavioral health and prescription services. Full time salaried postdoctoral scholars have the option of enrolling themselves which the university fully covers, and can add coverage for their spouse and/or any dependents for an additional charge.

Fully Paid Direct Postdoctoral Research Fellows must purchase Academic Health Plan medical insurance or UT Select coverage if Affordable Care Act compliant insurance is not provided by the source of funding (i.e. Texas Health Resources Presbyterian Hospital, Howard Hughes Medical Institute, Chinese Academy of Science, etc.).

Other Optional Benefits

Dental

UT Southwestern offers three different dental plans, two PPO and one DHMO, with various limits and deductibles to all employees. If selected, dental coverage will be deducted from your pay.

Vision

Optional vision care benefits are offered by Superior Vision Services. Employees have two vision plans to choose from:

Basic plan provides routine eye exam with one pair of glasses or contacts annually. Discounts are available for other services.

Vision Plus plan provides the same benefits as the Basic Vision plan, plus benefits for Progressive lenses, Polycarbonate lenses up to age 18, factory scratch coating, and ultraviolet coating.

If selected, vision coverage will be deducted from your pay.

Other

Other benefits that may be available to employees include short term disability, long term disability, life insurance, accidental death and dismemberment insurance, flexible spending account and long term care insurance.
Full-time employee postdoctoral scholars are required to participate in a retirement plan.

**Teacher Retirement System of Texas (TRS) – Internal Revenue Code 401(a)**

All benefits-eligible employees at UT Southwestern Medical Center are automatically enrolled in TRS on their first day of employment. The postdoctoral scholar contributes 6.4 percent of his/her salary and UT Southwestern contributes 6.4 percent. Contributions are pre-tax dollars. The postdoctoral scholar is fully vested after five years of TRS service credit is attained.

**Optional Retirement Program (ORP) – Internal Revenue Code 403(b)**

ORP is an alternate mandatory defined contribution plan available to Postdoctoral scholars that requires irrevocable ‘opt out’ from TRS within 90 days from appointment date.

ORP is a defined contribution plan, which means your retirement benefit is the result of contributions made by you (6.65 percent) and UT Southwestern (8.5 percent) and earnings from investment returns. The postdoctoral scholar and UT Southwestern contributions are deposited into investments directed by the postdoctoral scholar. Contributions are pre-tax dollars. The scholar is allowed to manage funds after they are vested – one year plus one day from the date participation in ORP begins. Funds are available to be withdrawn only after you leave state employment, and the UT Southwestern match is available only if you are vested.

As most postdoctoral scholars are in a training position for less than the five years to be fully vested in TRS, and UT Southwestern contributes 8.5% for an ORP plan as compared to only 6.4 percent for the TRS plan, it is in the best interest of most postdoctoral scholars to select ORP over TRS. If, however, a postdoctoral scholar has already contributed to a TRS plan at a Texas institution, it may be in their best interest to select the TRS option. Representatives from the Benefits Office can help advise you on your selection.

**Voluntary Retirement Programs** are available to all employees of the University of Texas System.

**UT Saver TSA – Internal Revenue Code 403(b)** - Pre- and post-tax investment program. Choose from six financial services companies to supplement your retirement savings.

**UT Saver DCP – Internal Revenue Code 457(b)** - Pre-tax investment program. Choose from six financial services companies to supplement your retirement savings.

**ACADEMIC BENEFITS**

**STUDENT CENTER**

After enrolling in the Postdoctoral Certificate Training Program (see page 18), you will have access to The Bryan Williams, M.D. Student Center at no charge. The Bryan Williams, M.D. Student Center houses 43,000 square feet of fitness and recreation activities, and serves as a place where members can gather, interact, learn, and enjoy a sense of community.

The Student Center is an award-winning, state-of-the-art facility that includes a weight and fitness room, cardio lounge, group fitness/yoga multipurpose room, indoor suspended track, racquetball court, lounge areas, and a gymnasium.
As a postdoctoral scholar, you have access to the **Student Health** and **Student Wellness and Counselling** facilities. All visits are confidential and are of little to no cost.

To schedule an appointment with **Student Health**, please call 214-645-8690 or go to the **Student Health** clinic located on the 8th floor of the James W. Aston Ambulatory Care Center, South Campus, Building U on the **campus map**.

To schedule an appointment with **Student Wellness and Counselling**, please call 214-645-8680 or go to the **Student Wellness and Counselling** clinic located on the 2nd floor **Student Support Services Building, South Campus**.

### STUDENT PARKING RATES

For all parking information, please visit the **parking services website**. Faculty, staff, students, and postdoctoral scholars who park a vehicle on UT Southwestern Medical Center's property must pay the appropriate parking fee, and the decal or hang tag must be displayed on the vehicle at all times. Employees are not allowed to park in a visitor or patient space.

**Parking Rates** change every September 1st, there is no free parking at UT Southwestern. As a postdoctoral scholar you may choose to pay for parking in the staff garages or lots for the staff fee (between $160 - $440 a year depending on garage or lot) or student garages or lots for the student fee (~$160). The **campus map** indicates designated student, staff, and faculty parking garages or lots.

### COMPUTER SERVICES

The **Information Resources** (IR) department at UT Southwestern Medical Center develops and provides details about information resources and the campus computing environment, including instructions for self-service password resetting, Outlook Web access, computer assistance, and much more.

Services available to enrolled postdoctoral scholars at no cost are located at this **intranet site**.

Most information is published regularly to **MyUTSouthwestern**, the campus intranet. An internal connection to the campus network is needed to access that site.

### UNIVERSITY STORE DISCOUNTS

The University store offers discounts on popular **software** for students as well as faculty and staff. Please see the **University Store** website for more details.

### RESPONSIBILITIES

#### AAMC COMPACT

The relationship that you have between you and your mentor is extremely important. The Association of American Medical Colleges (AAMC) created a **document** to facilitate communication for both parties of the mutually beneficial relationship.
The National Postdoctoral Association (NPA) has established six core competencies that serve as objectives for effective postdoctoral training.

Some of these competencies you began in your doctoral program. Others you may need to strengthen.

1. Discipline-specific conceptual knowledge
2. Research skill development
3. Communication skills
4. Professionalism
5. Leadership and management skills
6. Responsible conduct of research

INDIVIDUAL DEVELOPMENT PLAN (IDP)

You are required to complete an Individual Development Plan (IDP) with your mentor, approximately every two years. This is a great opportunity to have frank discussions about your research and goals so the both of you have an understanding of what is wanted in the future. Science Careers' myIDP will help you create your IDP and lead the discussion with your mentor.

POLICY HANDBOOK

As a component of The University of Texas System, UT Southwestern is required by the Board of Regents to develop and maintain a central repository of rules for governance. To meet that requirement, the Office of the President authorizes the Handbook of Institutional Policies and Operating Procedures as the official guide to the regulations and practices of the UT Southwestern community. Chapter 10 of the Policy Handbook contains policies specifically relevant to postdoctoral scholars. The Policy Handbook is accessible from any campus networked computer.

Everyone at UT Southwestern is expected to follow the Standards of Conduct.

PROFESSIONAL RESOURCES AND SERVICES

POSTDOCTORAL AFFAIRS OFFICE

The Postdoctoral Affairs Office serves and advocates for postdoctoral scholars, the faculty who train them, and the administrators who assist them. We are located within the Graduate School of Biomedical Sciences on the third floor of the Biomedical Research Building, also known as the “NL” building on the North Campus.

THE FUNCTIONS OF THE POSTDOCTORAL AFFAIRS OFFICE:

- To advocate and provide guidance for postdoctoral scholars
- To develop and implement policy
- To direct the Postdoctoral Certificate Training Program, including registration
- To promote recruitment of postdoctoral scholars
- To answer your questions: SGPPostdocOffice@UTSouthwestern.edu
We Provide:

- Support for more than 550 postdoctoral scholars from over 40 countries in 38 different Departments/Centers
- An Introductory Presentation to the Postdoctoral Certificate Training Program and Postdoctoral Association offered the second Friday of each month for approximately 200 new postdoctoral scholars each year
- Approval of postdoctoral appointment forms and departmental/center postdoctoral scholar pay plans to ensure compliance with H1-B visa laws
- The Postdoctoral Scholar Guidelines including appendices such as an appointment letter template and departmental appointment checklist
- Postdoctoral fellowship boilerplate text, examples of funded fellowships, and listings of postdoctoral funding opportunities
- Approval and posting of available postdoctoral training opportunities
- The Postdoctoral Certificate Training Program, which provides postdoctoral scholars with training in the responsible conduct of research, career advancement skills, public speaking, and professional development (via their individual development plan)
- Video recordings of many seminars and courses
- Support of the Postdoctoral Association (PDA), which provides a sense of community through scientific and social interaction, promotes effective training and career development, represents and addresses issues relevant to postdoctoral scholars, and eases the transition for new, particularly international postdoctoral scholars.

POSTDOCTORAL WEB SITES

We have two websites full of information at your disposal. We offer an external site that can be accessed anywhere in the world with general information about our program, our office, and living in Dallas.

The other website we have is the Postdoctoral Resources page (or intranet) for resources internal to UT Southwestern. This site has more specific information about our training program, policies, listing of seminars and videos, and well as links to other resources.

POSTDOCTORAL ASSOCIATION

The Postdoctoral Association (PDA) provides a sense of community through scientific and social interaction, promotes effective training and career development, represents and addresses issues relevant to postdoctoral scholars, and eases the transition for new, particularly international postdoctoral scholars.

The PDA is managed by an Executive board and is served by committees such as the Career Development, International, Informer (bimonthly newsletter), Outreach, Social, Standards, Symposium, and Web committees. The PDA:

- co-sponsored the Communication Skills seminar series including talks such as "How to Write a Cover Letter and Statement of Research Interests" by Dr. Steve McKnight or "Communicating with Editors following Manuscript Review" by Dr. Eric Olson
- publishes a bimonthly newsletter
- offers travel awards twice a year
- co-sponsors the Postdoctoral Research Symposium
The National Postdoctoral Association is a non-profit organization dedicated to providing a “national voice” for postdoctoral scholars. As a postdoctoral scholar at UT Southwestern, you can become an affiliate member of the NPA at no charge. This entitles you to publications and web content to further enhance your postdoctoral and future careers. Once a year, members of the Postdoctoral Affairs Office and Postdoctoral Association attend a national meeting in order to stay current on events and trends that affect postdoctoral scholars.

The NPA has a great survival guide specifically aimed at helping international postdoctoral scholars get acquainted with life here in the United States. It goes over important information such as taxes, healthcare, and differences in lab culture.

The UT Southwestern Graduate School’s Career Services program is accessible to all postdoctoral scholars. This program provides resources and opportunities including seminars, workshops, and one-on-one advising appointments, with the goal of helping postdocs identify and develop the practical skills required for a range of science careers, prepare for the academic job search, explore occupations and industries beyond academic research, and assess and reflect upon personal factors including values, strengths, and skills in order to assist in choosing a career path.

Postdoctoral training opportunities at UT Southwestern can be advertised on our website, with approval of the Postdoctoral Affairs Office, based on their departmental affiliation.

Not all faculty members will post a position even if they anticipate having an opening, so please contact the faculty directly if their research field is of interest to you.

Funding opportunities for postdoctoral scholars of all levels, from those just defending their Ph.D. to those transitioning to their first faculty position, are available. Video recordings provided by UT Southwestern Graduate School of Biomedical Sciences related to grant writing are available on a campus networked computer or by VPN.

Copies of several funded grant/fellowship applications and boilerplate text for applications are available to current postdoctoral scholars upon request from the Postdoctoral Affairs Office.

The Graduate School has collected over 350 video recordings of seminars, workshops, panel discussions relating to career development, teaching skills, and research techniques topics which can be accessed from a campus-networked computer.
The Postdoctoral Advisory Committee (PAC) is comprised of the Dean of the Graduate School, Assistant Dean for Postdoctoral Affairs, the President of the Postdoctoral Association, and diverse senior faculty.

One function of the PAC is to give the postdoctoral scholar objective advice about the consequences of various courses of action and to serve as mediators to facilitate communication between postdoctoral scholars and mentors.

The PAC also provides recommendations for the Postdoctoral Certificate Training Program.

UT SOUTHWESTERN TRAINING AND RESEARCH RESOURCES

POSTDOCTORAL CERTIFICATE TRAINING PROGRAM

The goal of the Postdoctoral Certificate Training Program at UT Southwestern is to provide a structured program that aids the transition to career independence for each postdoctoral scholar through the development of professional and research skills. Every postdoctoral scholar is required to register with the graduate school and enroll in a certificate program throughout their postdoctoral training.

CERTIFICATES

- Postdoctoral Certificate in Research
- Postdoctoral Certificate in Advanced Research
- Postdoctoral Certificate in Cancer
- Postdoctoral Certificate in Educational Techniques
- Postdoctoral Certificate in Obesity & Metabolism
- Postdoctoral Certificate in Scientific Management

REGISTRATION AND “STUDENT” STATUS

As a postdoctoral scholar at UT Southwestern, you will be enrolled in courses, many of which are on-line. Therefore, you will have a permanent transcript from this University. There are many benefits that are given to our postdoctoral scholars for enrolling such as free access to the student center, discounted parking, and access to the student health, wellness and counselling facilities. There is a week of registration for each of the three semesters; Spring, Summer, and Fall; per year.

HR ORGANIZATIONAL DEVELOPMENT

The mission HR’s Organizational Development Team (ODT) is to develop and deliver learning strategies that enhance knowledge, skills, and abilities and measurably raise the bar to align with the goals and objectives of UT Southwestern Medical Center. Learn more about the learning opportunities, orientation sessions, and resources available to all staff members, and customized training retreats and consultations available to individuals, intact teams, and departments.
SPONSORED PROGRAMS ADMINISTRATION

The Office of Sponsored Programs Administration (SPA) helps researchers to obtain, and manage awards that fund scholarly research and other activities. The SPA also provides support for proper stewardship of those resources.

You can request an eRA Commons user account from the SPA website. If you are funded by NIH funds, you will need access to eRA Commons.

To support researchers in navigating an often complex system, SPA provides training sessions that cover topics including Grants 101, National Institutes of Health (NIH) forms and guidelines for submitting grants, and Electronic Research Grant Organizer (ERGO), a Web-based system that allows forms and/or grants to be submitted electronically through institutional processes.

CORE FACILITIES

UT Southwestern has an impressive array of core facilities dedicated to providing the latest equipment and knowledge necessary to assist researchers in their work. Please visit the core facilities website to get a listing of available facilities.

INSTITUTIONAL REVIEW BOARD (IRB)

The Institutional Review Board (IRB) at UT Southwestern Medical Center, in accordance with the Federal-Wide Assurance (FWA) on file with the Department of Health and Human Services, reviews and approves research involving human subjects that is conducted at UT Southwestern Medical Center.

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC)

The Institutional Animal Care and Use Committee (IACUC) supports a quality animal care and use program to support faculty who use animals in research, testing, or teaching. This program assures that all animal use adheres to applicable requirements and laws.

For more information, read What You Should Know about Animal Research and the IACUC at UT Southwestern Medical Center.

ENVIRONMENTAL HEALTH AND SAFETY (EHS)

Environmental Health and Safety (EH&S) is a service department committed to the management and sustainability of environmental health and safety affairs at UT Southwestern Medical Center. EH&S has supports UT Southwestern staff, research laboratories, physical facilities, hospital, and clinics to maintain a healthy, safe, and compliant work environment.

Visit their webpage for contact info as well as additional environmental health and safety resources.
TECHNOLOGY DEVELOPMENT

The Office for Technology Development promotes and supports the research enterprise by creating relationships with the private sector to develop, protect, transfer, and commercialize research results for the public benefit.

The goals of the Office for Technology Development are:

- To initiate and sustain cooperation between UT Southwestern and industry to advance new technologies and therapies for the benefit of society.
- To provide our faculty with strategic guidance to effectively manage intellectual property developed on campus.
- To generate revenue for UT Southwestern and our inventors, and to support our research enterprise.
- To facilitate the maturation of the North Texas biotechnology industry and other healthcare related economic development.

Agreements with outside parties related to intellectual property (material transfer agreements, confidentiality agreements, licenses, etc.) must be established directly with the University, not the individual faculty members or postdoctoral trainees. The Office for Technology Development is designated to negotiate those agreements on behalf of the University.

LIBRARY SERVICES

The UT Southwestern Medical Center Library supports the information needs of UT Southwestern’s research, educational, and clinical activities. The Library maintains a large collection of electronic journal subscriptions and offers SciVal and EndNote training; and those are just highlights of the assistance and training offered.

LIFE ON CAMPUS

OFFICE OF DIVERSITY & INCLUSION AND EQUAL OPPORTUNITY

The Office of Diversity & Inclusion and Equal Opportunity is dedicated to implementing strategies and overseeing diversity and inclusion initiatives for UT Southwestern Medical Center. Diversity is the broad range of attributes, experiences, and characteristics – such as race, gender, cultural heritage, sexual orientation, physical/mental ability, age, or national origin, which are only a few dimensions of diversity that make us uniquely who we are. At UT Southwestern, inclusion means creating a work environment where each person has the opportunity to participate fully to achieve the mission of the University and is valued for their distinctive experiences, skills, and capabilities.

WOMEN IN SCIENCE

The Office of Women’s Careers is a division of the Office of Diversity & Inclusion and Equal Opportunity. Their mission is to promote the professional development and career advancement of female faculty and trainees at UT Southwestern Medical Center.

WISMAC is a UT Southwestern institutional standing committee composed of appointed representatives of the faculty, administration, fellows, and student body. The committee provides advice and initiatives on issues related to women in science and medicine, with the ultimate goal to improve UT Southwestern for everyone.

There are some Work/Life Resources available to help make balancing home and work life a little easier.
CHILD CARE

- The First Step Learning Centre is located in the Paul M. Bass Administrative and Clinical Center on the North Campus. First Step has been operating since 1998 and offers an educational curriculum, a breastfeeding room, arts and computer rooms, an updated playground, and a cafeteria. The center is open 6:30 a.m. to 6:30 p.m., Monday through Friday.
- Located adjacent to the South Campus at 1966 Inwood Road, the Callier Child Development Center provides an active, nurturing learning environment based on the High/Scope curriculum. Fully accredited by the National Association for the Education of Young Children, the center is open 7:30 a.m.–6:30 p.m. Monday through Friday. Priority is granted to faculty, so infants of postdoctoral scholars may be placed on a waiting list for admission.
- The Rosewood Academy is not a UT Southwestern sponsored program, but is located conveniently by the North Campus on Stutz Road.
- There are lactation rooms available in multiple locations across campus for all UT Southwestern women.

SHUTTLE SERVICE

The Physical Plant Department provides shuttle services throughout the UT Southwestern campus.

Knowing when to catch a shuttle on campus has gotten a little easier with Shuttle Tracker. This GPS tracking system allows you to check real-time shuttle location and arrival times. Apps are also available for iOS and Android devices.

CAFETERIAS

- Food service is offered to the UT Southwestern Medical Center community at multiple locations across campus
  - South Campus – Southwestern Dining Plaza (beneath Gooch Auditorium)
  - North Campus – 14th Floor and the Commons (NG3) Food Court
  - Outpatient Building Jazzman’s Café
  - Zale Lipsky University Hospital Cafeteria
  - Zale Lipsky Jazzman’s Café
  - Clements University Hospital Cafeteria

UNIVERSITY STORE

There are two University Store locations offering a wide variety of items, including:
- Office supplies
- Stamps
- Computers and discounted computer software
- Stationary
- Gift items
- Medical equipment
- Lab coats
- Pagers
- Logo sportswear
- The stores also offer discounted entertainment tickets to places including Six Flags Over Texas, Hurricane Harbor, the Fort Worth Zoo, and the State Fair of Texas.
- Hours (South Campus): 7:30 a.m. to 4:30 p.m. weekdays
- Hours (North Campus): 8 a.m. to 4:30 p.m. weekdays
The **Campus Pharmacy** is located in the lobby of the James W. Aston Ambulatory building, and it has a lot of perks for postdoctoral scholars including a 15% discount, online access through iAim for refills and transfers, and the convenient location.

There are also two other pharmacies on campus: Walgreen’s (located in Professional Building 1) and The Apothecary Shop (located in the Bass Building).

**SECURITY**

The **UT Southwestern Medical Center Police Department** personnel are available around the clock to serve the community.

Officers are available 24 hours a day, including weekends and holidays, for a personal escort. Officers will walk with anyone to any location on or near campus. To request an escort, call 214-648-8311. Give the dispatcher your name, phone extension you’re calling from, and the location where you’d like the officer to contact you.

**NEWS AND MEDIA**

UT Southwestern continues a strong tradition of covering its storied mission of excellence in higher education, world-class research and clinical service in a clear, concise and engaging manner through communication streams like **Center Times**, the official newspaper for UT Southwestern Medical Center. **Center Times** is produced 14 times a year (10 campus editions, four donor special editions) by the Office of Communications, Marketing and Public Affairs.

**Publications** highlighting our innovations and quality healthcare programs help bring the community closer to the heart of UT Southwestern Medical Center.

Campus Updates is a weekly email that comes out with the latest news articles and campus announcements.

**POST OFFICES**

The University has two locations of **Post Offices** to serve our personal mailing needs.

The South Campus Post Office is located within the University Store at C1.002 (Cafeteria side) and provides the same type of services available at an official post office, except for postal money orders. The Campus Post Office is open 9 a.m. to 3 p.m. weekdays.

The Paul M. Bass Center Tower 2 location can be found at D.106 (bottom level of building) and offers the same services as the South Campus Post Office.

**INFORMATION ABOUT DALLAS**

- UT Southwestern Medical Center is located in Dallas, Texas. Dallas is the ninth largest city in the United States and the third largest in Texas with a population of approximately 1.3 million.
- Dallas, along with its sister city of Fort Worth and the surrounding counties, make up what is called the Dallas/Fort Worth (DFW) Metroplex. According to Wikipedia, the **DFW Metroplex** has a population of over six million people.
- Dallas boasts a pleasant climate with an average minimum temperature of 55 degrees Fahrenheit (12-13 degree Celsius) and an average maximum of 76 (about 35 degree Celsius) degrees Fahrenheit.
• The **Cost of Living Index** in Dallas County is 91.8 or less than the national average of 100 which allows you to buy more for your money.
• To get an idea of what Dallas life is like, **DFW at a Glance** will give you all of the highpoints
• Dallas has several different and unique neighborhoods. D Magazine created a **map** so those who are new to Dallas can familiarize themselves with the location of these neighborhoods.

---

**TRANSPORTATION**

---

**PUBLIC TRANSPORTATION**

**Dallas Area Rapid Transit (DART)** services twelve cities with HOV (high occupancy vehicle) lanes, **trains**, buses, and shuttles. They also have a partnership with **Trinity Railway Express (TRE)** for those commuters traveling to and from Fort Worth. For those who live in Denton County, there is the **A-Train** that will take you to a DART transfer point. Uptown residents can also use the **M-Line Trolleys** to get around the area as well as to DART transfer points.

The **reduced cost, subsidized DART Pass** is available to all full-time UT Southwestern employees and students. These passes can be purchased using payroll deduction on a pre-tax basis. Pending annual agreements with DART, the local pass is about $300 a year and a regional pass is about $600 a year.

---

**OPERATING A CAR**

• Driver’s License
  The state of Texas will allow you to operate a vehicle with a valid, unexpired driver’s license from another state or country for 90 days after **moving** to Texas. The process to change licenses are a little different than other states in that you have to have proof of Texas Liability Insurance and Texas Registration with you when you **apply**. Please be aware that you will also have to have other documents to prove your identity and citizenship status.

• Owning and operating a car
  The Texas Department of Motor Vehicles allows you 30 days to become a **Registered Texan**. You must get your car **inspected** before registering, and there are hundreds of **locations** in the DFW area that can inspect your vehicle.
  If you are going to own a car in here in Dallas, you may want to consider getting a **NTTA TollTag**. These tags allow you to drive on the Dallas North Tollway, President George H Bush Turnpike, LBJ/635 Express Lanes, and the Sam Rayburn Tollway while the charges are automatically charged to your credit card. You can also use the Toll Tag to pay for parking at DFW and Dallas Love Field airports.

---

**BICYCLING**

Bicycling is a popular sport in the DFW area and with that come a lot of trails, bicycle lanes, and laws to protect bicyclists.

If commuting to work, Google Maps has the ability to map out directions for bicyclists. These routes tend to stay off major highways and use trails whenever possible.

DART is also **bicycle-friendly** with bus and train racks for their passengers. At certain stations they offer Bike Lids to protect customers’ bicycles while at work. DART’s **Ten Steps to Riding a Bike to Work** has some great tips and pointers for those who want to cycle to work.
On January 1, 2002 the State Senate Passed Bill 7 which deregulated municipal power companies leaving the consumer the ability to **choose** their retail electricity provider. This website will give you the names of the providers in your area as well as prices and offers that the companies are currently offering. Select a company a few weeks ahead of your move-in date so that your start of service date can be the day of, or day before your move-in.

There are several cable and satellite television providers in the DFW area. When it comes to garbage collection or water, please contact your local city hall as to how to get the services started. If your home has natural gas, contact **Atmos Energy** to have this service commenced.

The **Dallas Chamber of Commerce** and the **Fort Worth Chamber of Commerce** have great websites that go into more detail about what is offered in their respected areas.

### HOUSING

**UT Southwestern Medical Park Apartments**
- UT Southwestern Medical Center has on-campus housing for students, clinical and research trainees, and junior faculty. Phase I, which opened in August 2001, consists of 156 units with 60 one-bedroom/one-bath units, and 96 two-bedroom/two-bath units. Phase II, now complete, added 126 new units.
- **Apartments**
  - If you are thinking about renting an apartment, there are a lot of great resources that will help you find the perfect complex. There is a free **service** that will ask you what you are looking for and will recommend communities based on your needs.
  - There are also web resources where you can look up communities based on location, and even see how residents rate their experience.
    - [Rent.com](https://www.rent.com)
    - [ApartmentRatings.com](https://www.apartmentratings.com)
    - [DallasApartments.com](https://www.dallasapartments.com)
  - There are also several complexes that are very close to UT Southwestern, some of which are even walking distance away from a DART train station or the University itself.
    - [Inwood on the Park](https://www.inwoodonthepark.com)
    - [The Village](https://www.thenvillage.com)
    - [Eon at Maple](https://www.toweratmaple.com)
    - [Maple Gardens](https://www.maplegardensdallas.com)
    - [5225 Maple Avenue](https://www.5225mapleavenue.com)
    - [Alexan MD](https://www.alexanmd.com)
    - [21 Forty Medical District](https://www.21fortymedicaldistrict.com)
    - **Post Properties** – They offer a “**Preferred Employer Program**” which will help you find a new Post Property if you are moving. There are other great benefits, so be sure to ask about them. Post Properties also offer “**Corporate Housing**” which is short term housing. There is a 31 day minimum stay, and can be furnished.
- Here are a few resources if you are thinking about purchasing a home:
  - [Realtor.com](https://www.realtor.com)
  - [Coldwell-Banker DFW](https://www.coldwellbankerdallas.com)
  - [Ebby Halliday Realtors](https://www.ebbyhalliday.com)
  - [Zillow.com](https://www.zillow.com)
  - [Dallas Morning News Real Estate Classifieds](https://www.dmnn.com/real-estate-classifieds)
  - [Star-Telegram Real Estate Classifieds](https://www.star-telegram.com/real-estate-classifieds)
RESOURCES FOR THE DISABLED

Directory of Community Resources in Texas

EDUCATION FOR CHILDREN

- **Web Guide to DFW Private Schools**
- **School District Map** – Texas is different from other states where the school districts are independent from the cities or counties they may serve. For example, you may live in Dallas, but be in the Richardson Independent School District (ISD). This map will allow you to find the school district in which you may be interested.
- There are over 120 Charter Schools in the Dallas-Fort Worth Metroplex. Charter schools are public schools run by non-profit groups.

BANKING

- There are several ATMs located on campus. The locations are listed here.
  - Banks do charge ATM fees when customers besides their own use their machines. These fees can range from one dollar to five per transaction depending on the bank. These fees do add up, so whenever possible use an ATM from your financial institution.
- There are several banks that are close to the UT Southwestern campus that offer checking and savings accounts, loans, credit cards, and certificate of deposits. Since the offerings change often, please call or go to a branch to get the latest details.
  - **Chase Bank**
  - **Bank of America**
  - **Comerica Bank**
- Credit cards (MasterCard and Visa) are very popular here in the United States, and for those who are not citizens, it may be very difficult to acquire one. Some banks like Bank of America or Capital One offer “secured” credit cards where a security deposit is required in order to be issued one. Another option is to apply for a credit card in the home country where credit is already established.

CELLULAR PHONES

- It is not a bad idea to get a cell phone with a local area code, and some people in the States use these as their primary phones.
- Some service providers offer discounts to UT Southwestern employees. These providers may require a two year contract when signing up for a new service. Please have an UT Southwestern ID card ready when signing up.
  - **AT&T**
  - **MetroPCS**
  - **Sprint**
  - **T-Mobile**
  - **Verizon**
- There are also service providers that do not require contracts; rather they require the customer to purchase minutes before hand.
  - **AT&T Prepaid**
  - **T-Mobile Prepaid**
  - **Verizon Prepaid**
There are plenty of excellent places to go shopping in the DFW area, and we have listed just a few so you know where to go:

- **NorthPark Center**
  - “NorthPark” is home to over 200 upscale to couture stores in the heart of Dallas. Its anchors are Neiman Marcus, Dillard’s, Nordstrom, and Macy’s.

- **Galleria Dallas**
  - Also known as “The Galleria,” this large shopping center off of 635 (The LBJ) and the Dallas North Tollway has over 200 stores spanning three stories including an ice rink. It is anchored by Gap Inc. (Gap, Banana Republic, Old Navy), Macy’s, Nordstrom, and Belk.

- **Highland Park Village**
  - Known to locals as “The Village,” this outdoor shopping area located in Highland Park is a National Historic Landmark with upscale to couture shops.

- **Stonebriar Centre**
  - “Stonebriar” is located in Frisco, has over 160 mid to upscale shops with an ice skating rink. Its anchors are Nordstrom, JCPenney, Sears, Dillard’s, Macy’s, and Dick’s Sporting Goods.
• **The Shops at Willow Bend**  
  o “Willow Bend” is a smaller shopping mall in Plano with 125 shops and four anchor stores (Crate & Barrel, Dillard’s, Macy’s, and Neiman Marcus). This shopping center is located in Plano off of the Dallas North Tollway.

• **University Park Village**  
  o This open-air Fort Worth shopping center has 30 popular retailers including Apple, Barnes and Noble, and Pottery Barn

• **Shops at Knox**  
  o The area is also known as “Knox Henderson” because of its exit off of US-75/North Central Expressway. There is a myriad of restaurants, shops, and services along this busy stretch of road including Sur La Table, Apple, Chuy’s, and La Duni.

• There are also a couple of large outlet shopping centers in the DFW including **Allen Premium Outlets**, **Grand Prairie Premium Outlets**, and the indoor **Grapevine Mills**. Each has a great selection of stores to choose from with home goods, electrics, and clothing.

### GROCERY

• **Central Market** – Gourmet and hard to find foods such as hand-made sausages, cheeses, and tortillas with a great selection of bulk and premade foods.

• **Whole Foods Market** – Specializes in healthy and organic foods. Check out their flagship location on Park Lane.

• **Dallas Farmer’s Market** – Located in Downtown Dallas, the Farmer’s Market is a treat. There are four sheds, one specifically selling produce that is grown within a 150 mile radius of Dallas.

• **Sprouts** – A healthy, natural, and organic grocery store that also carries a large selection of gluten-free products

• **Super Target** – Super Center with a little bit of everything

• **Super Walmart** – Super Center

• **Costco** – Wholesale grocery (membership required)

• **Tom Thumb** – Traditional grocery store

• **Kroger** – Traditional grocery store

• **Albertsons** – Traditional grocery store

• **Sam’s Club** – Wholesale grocery (membership required)

• **Aldi** – Discount grocery store

### PERFORMING ARTS

• **American Airlines Center**

• **Dallas Symphony Orchestra**

• **AT&T Performing Arts Center**

• **Dallas Opera**

• **Bass Hall**

• **Dallas Summer Musicals**

### PARKS

• **Dallas Parks**

• **White Rock Lake**

• **Fort Worth Parks**

### PLACES OF INTEREST

• **Dallas Arboretum** – 66 acres of gardens right on White Rock Lake. Don’t forget your picnic lunch.

• **Dallas Zoo**

• **Dallas World Aquarium**

26
• **South Fork** – the famous ranch from the TV show “Dallas”
• **Fort Worth Stockyard** – Now a historical district, this area used to be the place to go to for livestock
• **Six Flags Over Texas** – The original Six Flags theme park
• **Hurricane Harbor Texas** – Six Flags’ water park
• **Fort Worth Zoo**
• **Fort Worth Botanical Gardens** – 110 acres containing 23 specialty gardens and 2500 species of plants and flowers.
• **The Katy Trail** – 3.5 long concrete path and a 3.1 mile long soft surface track that runs through part of downtown.
• **Trinity River Audubon Center** – Five miles of hiking trails and a nature preserve.
• **Great Wolf Lodge** – Hotel with an indoor waterpark.

### FESTIVALS & EVENTS

• **Taste of Dallas**
• **State Fair of Texas**
• **Dallas Blooms**
• **Fort Worth Stock Show and Rodeo**
• **Dallas International Film Festival**
• **Dallas Brewfest**
• **Greenville Avenue St. Patrick’s Day Parade**
• **Grapefest**

### SEPARATION PROCESS

Whether a postdoctoral scholar is terminated or resigns, you must complete employee separation on your date of employment. You must contact your department administrator to initiate the process. Failure to complete Employee Separation may cause delays in your receiving your final paycheck, vacation accrual balance payout, or retirement contribution refund.

### DROPPING OR COMPLETING COURSEWORK

Before your last day as a postdoctoral scholar at UT Southwestern, be sure to either complete your coursework or email the Postdoctoral Affairs Office to have us drop you from any courses. Failing to do this may cause you to get a fail on your permanent transcript.

### RESIGNATION

A postdoctoral scholar can resign at any time; however we do recommend giving your mentor two weeks’ notice. We have a [template](#) resignation letter for you to use.

### TERMINATION

#### THREE MONTHS WRITTEN NOTICE

In most cases, a postdoctoral scholar may be dismissed with a written notice at least three months prior to your appointment ending. A copy of this letter should be filed in your Department or Center, as well as the Postdoctoral Affairs Office.

#### IMMEDIATE DISMISSAL

Under unusual circumstances, it may be necessary to dismiss a postdoctoral scholar for violating conduct standards. Any postdoctoral scholar who engages in behavior that violates the required [standards of conduct](#) will
be subject to disciplinary action up to and including dismissal. The Compliance Hotline may be contacted at 877-507-7319 or over the [intranet](#). Hotline users may choose to remain anonymous. There will be no retribution or discipline for anyone who reports, in good faith, a possible violation or misconduct. Misrepresentation of degree status to gain appointment is grounds for immediate dismissal.

**EXIT SURVEY**

Before the end of your, you will receive an exit survey from the Postdoctoral Affairs Office. This survey has two parts: One to gather information such as future address, the second to get a better understanding of your experiences. The answers to the second part of the survey are completely confidential. We hope to use your responses collectively to improve our training program for future postdoctoral scholars.

**GRIEVANCES**

Grievances by postdoctoral scholars are administered through the Assistant Dean for Postdoctoral Affairs and the Dean of the Southwestern Graduate School of Basic Sciences, not through Human Resources.

The postdoctoral scholar should first attempt to resolve the issue with his or her Mentor. If this attempt is unsuccessful, or if the postdoctoral scholar feels that this is not possible, the postdoctoral scholar may consult with the Assistant Dean, Dean of the Southwestern Graduate School of Basic Sciences, or another member of the [Postdoctoral Advisory Committee](#).

**KEEP IN TOUCH!**

We would like to know how your career progresses and changes after your postdoctoral experience at UT Southwestern. Keep in touch with us in the following ways:

- LinkedIn
- Email Us
- Facebook
