Description of the UT Southwestern Physicianship Evaluation Form for First- and Second-Year Medical Students

This Physicianship evaluation indicates that a student needs help developing professionalism skills. A faculty member and a course director who are concerned about a student's behavior will give feedback to the student and make suggestions for improvement. If the behavior is repeated or is initially serious enough, then a Physicianship Evaluation Form will be completed, reviewed with the student, and then forwarded to the Associate Dean for Student Affairs, MC 9006.

The following are examples of some behaviors that would warrant a Physicianship form: a student repeatedly does not show up for a patient-related activity, such as the weekly Colleges session, without appropriate communication with the mentor; a student is repeatedly tardy to small group meetings; a student fails to complete assignments; or a student demonstrates disruptive behavior in lecture. If a first or second-year student receives one or more professionalism evaluation forms, he/she meets with Associate Dean for Student Affairs for counseling and remediation. Reference to these sessions is not made in the Medical Student Performance Evaluation (MSPE). However, if a student receives two or more Physicianship evaluations in the first two years and receives a subsequent form in the third or fourth year, then student is referred to the Student Promotions Committee (SPC), and these evaluations and issues are mentioned in the MSPE (unless deemed otherwise by the SPC).

If you have any questions about the performance criteria, please contact Associate Dean for Student Affairs at (214) 648-2168.
