Required Textbooks:

**RT 3212 Sectional Anatomy**  
Lorrie Kelly and Connie Petersen

**RT 3413 Radiation and Therapy Physics**  
*The Physics of Radiation Therapy*  
Faiz M. Khan  
ISBN: 9780781788564

**RT 3314 Medical Dosimetry I**  
**RT 4315 Medical Dosimetry II**  
*Radiation Therapy Planning*  
Gunilla Bentel  
ISBN: 978-0070051157

**Quality Assurance and Operational Issues**  
*Treatment Planning in Radiation Oncology*  
ISBN: 978-1608314317

**RT 3412 Radiation Biology**  
*Basic Clinical Radiobiology*  
Albert Van der Kogel and Micheal Joiner  
ISBN: 978-0340929667

**Clinical Education I, II, III, IV**  
*Handbook of Evidence-Based Radiation Oncology*  
Eric Hansen and Mack Roach III  
ISBN: 978-0387929873

**Portal Design in Radiation Therapy**  
Anne Marie Vann  
ISBN: 978-0964271524

**RT 3302 Introduction to Radiation Therapy**  
*Principles and Practices of Radiation Therapy*  
Charles Washington and Richard Leaver  
ISBN: 978-0-323-28752-4

**Principles and Practices of Radiation Therapy I and II**  
*Principles and Practices of Radiation Therapy*  
Charles Washington and Richard Leaver  
ISBN: 978-0-323-28752-4

Revised 2015
Clinical Education I, II, III, IV
*Portal Design in Radiation Therapy*
Anne Marie Vann
ISBN: 0964271524

RT 3211 Pathology
*Pathology for the Health Professions*
Ivan Damjanov
ISBN-10: 1437716768

RT 3301 Oncology Nursing and Patient Care
*Oncology Nursing*
Martha Langhorne
ISBN: 978-0-323-04185-0

RT 3303 Medical Imaging and Processing
*Radiographic Imaging and Exposure, (Fauber, Radiographic Imaging & Exposure)*
Terri L. Fauber
ISBN: 978-0323083225

RT 3101 Medical Terminology
*Medical Terminology Online for The Language of Medicine (Access Code and Textbook Package)*
Davi-Ellen Chabner
ISBN: 978-1455758814

RT 4223 Registry Review
*Mosby's Radiation Therapy Study Guide and Exam Review (Print w/Access Code), 1e*
Leia Levy
ISBN: 978-0323069342

RT 3311 Legal and Ethical Issues in Radiation Therapy
*Legal and Ethical Issues for Health Professionals*
George D. Pozgar
ISBN: 978-1-284-03679-4

RT 4301 Introduction to Research Methodology
RT 4302 Directed Research
*The Research Methods Knowledge Base*
William M. K. Trochim and James P. Donnelly
ISBN: 978-1592602919

- *Please do not purchase any books until accepted and notified by the Program Director. All books in the newest editions will be required. We do require that students retain all books until program completion.*
