

Forensic Pathology Rotation - Objectives

Interpersonal and Communications Skills

A. Objectives:

- i. Effectively interact with autopsy assistants, funeral home personnel, family members, forensic pathologists, other medical personnel, law enforcement agencies, and attorneys

B. Plan

- i. Document communications with outside contacts (family, attorneys, investigating agencies) in the chart

C. Assessment

- i. The resident's interpersonal and communication skills will be subjectively assessed by the attending pathologists during their rotation
