ACADEMIC HOSPITALIST DALLAS

Enjoy the best of all worlds. The Division of General Internal Medicine at the University of Texas Southwestern Medical Center is seeking BE/BC physicians to join a growing group of 20 academic hospitalists. Home to four Nobel Prize winners, UT Southwestern is a world renowned medical and research center in dynamic and affordable Dallas, TX. There are opportunities on both private and public inpatient wards and teaching and non-teaching services. Faculty have the chance to be involved in teaching, research, QI, patient safety, and professional development activities.

- Faculty appointment at medical school with starting base salary of \$160,000. Level of appointment and salary augmentation commensurate with experience
- Relocation allowance
- 403(b), 457 and state-matched retirement accounts
- Productivity bonus
- Malpractice insurance
- Options for teaching, research, QI and professional development activities
- No ICU responsibilities and limited weekends
- Average 12-15 patients/day
- Flexible nocturnist/part-time positions also available
- Ancillary support including dedicated midlevels, pharmacists, and discharge planners.

Qualified candidates should be BC/BE in Internal Medicine or have fellowship training in hospital medicine, geriatrics, or an IM subspecialty (Texas license preferred).

The Dallas-Fort Worth Metroplex is the fourth largest metropolitan area with a diverse economy and population, affordable housing, great restaurants, sports, museums, parks and golf courses.

Send CV and cover letter to Sarah Fuller, General Internal Medicine, 5323 Harry Hines Blvd., Dallas, TX 75390-8889 or email sarah.fuller@utsouthwestern.edu.

Department of Internal Medicine

Chief, Section of Hospital Medicine, Associate/Full Professor (09-175)

The Department of Internal Medicine, Division of General Internal Medicine seeks an experienced academic hospitalist to serve as the Chief of the Section of Hospital Medicine. The Chief is responsible for all aspects of an integrated hospital medicine program that spans two University hospitals and large public safety net hospital (Parkland Memorial). The Chief will lead a growing group of 30 academic hospitalists who staff a broad mix of teaching and non-teaching inpatient ward and consult services at three academic medical centers. Hospitalist faculty are involved in teaching medical students and residents, developing inpatient educational programs, clinical and health services research, quality improvement, and patient safety activities. All hospitals and their associated health systems are rolling out the same integrated electronic medical record system which includes computerized physician order entry and electronic note writing. The Parkland Hospital-based Center for Knowledge Translation and Clinical Innovation provides numerous opportunities to be involved in cutting edge, data-driven, inpatient-oriented health services research and quality improvement activities. Hospitalist teams include physicians, mid-levels, pharmacists, case managers and social workers.

The ideal candidate will have a minimum of five years experience as an academic hospitalist in a large hospital medicine program and have proven leadership and managerial skills. Training and experience in clinical research, quality improvement and patient safety activities are also desirable. Salary and rank will be commensurate with experience.

The University of Texas Southwestern Medical Center is a top 20 medical school that is home to four Nobel Prize winners and renowned nationally as a leading medical and research center in dynamic and affordable Dallas, TX. The Dallas-Fort Worth Metroplex is the fourth largest metropolitan area in the US and has a diverse economy and population, affordable housing, and great restaurants, sports, museums, performing arts, lakes, parks, and golf courses.
