

List of Funding Sources – Neonatology Fellowship

External Funding

Salary Funding:

Pediatric Scientist Development Program (PSDP):

<http://psdp.yale.edu/>

Pays for 2-3 years of research training after completing clinical part of fellowship training, and then 2 years as junior attending.

NIH K Awards

<http://grants1.nih.gov/training/careerdevelopmentawards.htm>

Loan Repayment:

NIH Loan Repayment Programs

<http://www.lrp.nih.gov/about/extramural/index.htm>

<http://www.lrp.nih.gov/about/lrp-pediatric.htm>

Requires a 2-year commitment to research.

Other Research Funding:

American Pediatric Society / Society for Pediatric Research (APS-SPR)

<http://www.aps-spr.org/>

AAP NRP Grant

http://www.aap.org/nrp/science/science_grant.html

Available January.

AAP CATCH Grant

<http://www.aap.org/catch/planninggrants.htm>

The Community Access to Child Health (CATCH) Planning Funds program provides grants in amounts from \$2,500 to \$12,000 for pediatricians to **plan** innovative, community-based initiatives that increase children's access to medical homes* or specific health services not otherwise available. These community-based projects should lead to the development of successful CATCH projects that can be replicated in other communities. All CATCH grants are awarded on a competitive basis.

A pediatrician must lead the project and be significantly involved in proposal development and project activities.

AAP Marshall Klaus Perinatal Research Award

<http://www.aap.org/sections/perinatal/klauss.html>

Advancing Newborn Medicine: A Grant Program for Fellows in Neonatology

<http://www.ikaria.com/anm.html>

Topic: Newborn cardiorespiratory medicine.
Application due in August.

MedImmune Pediatric Fellowship Grant

<http://web.medimmune.com/FellowshipGrant/frmhome.aspx>

Follow-up care of the premature infant. \$ 35,000 per awardee.

Thrasher Research Fund

<http://www.thrasherresearch.org>

The Fund supports clinical/translational pediatric research. Emphasis is placed on projects with potential findings that would be clinically applicable in a relatively short period of time for the prevention, diagnosis and/or treatment of pediatric medical problems.

No specific deadline; concept followed by full proposal.

Gerber Foundation

<http://www.gerberfoundation.org/>

The Foundation's mission focuses on infants and young children. Accordingly, priority is given to projects that improve infant and young children nutrition, care and development from the first year before birth to three years of age. Projects should support a specific nutrition or health intervention and have defined outcome parameters.

May round: concept paper by December 1; full proposals due February 15.

November round: concept paper by June 1; full proposals due August 15.

Funding at UT Southwestern

Salary Funding:

Physician Scientist Training Program (PSTP)

<http://www8.utsouthwestern.edu/utsw/home/educ/pstp/index.html>

Pays for 3 years of salary.

Other Research Funding:

Department of Clinical Sciences

Clinical Research Scholar Program:

<http://www.utsouthwestern.edu/utsw/cda/dept174769/files/198158.html>

Other sources of funding

<http://www.utsouthwestern.edu/utsw/cda/dept29530/files/310843.html>

<http://www.utsouthwestern.edu/utsw/cda/dept29530/files/329015.html>

Department of Pediatrics

Funding provided by Children's Medical Center Dallas or the Children's Medical Center Foundation will be awarded following a rigorous Peer Review process conducted by the Children's Clinical Research Advisory Committee (CCRAC).

This process is intended to identify the most meritorious and innovative projects that support our aim of improving child health across a wide range of disciplines

Clinical and Translational Research Center (formerly the GCRC)

<http://www.utsouthwestern.edu/utsw/cda/dept174769/files/460561.html>

UTSW funding for students, trainees, and Junior Faculty
