

CIP**Cancer Imaging Program**

Fall Seminar Series

September 2, 2009

Paul Medin, Ph.D.

Associate Professor, Radiation Oncology-Physics

"Spinal cord tolerance to radiosurgical dose distributions:
reirradiation and lateral dose volume effects"

<http://www.utsouthwestern.edu/findfac/professional/0,2356,103568,00.html>

October 7, 2009

Ralph P. Mason, Ph.D.

Professor, Radiology, Advanced Radiological Sciences

"Prognostic radiology- progress in human oximetry"

<http://www.utsouthwestern.edu/findfac/professional/0,2356,14638,00.html>

November 4, 2009

Yair Lotan, M.D.

Associate Professor, Urology

High dose Hypofractionated Radiation for Prostate Cancer: From Bench to Bedside

<http://www.utsouthwestern.edu/findfac/professional/0,2356,59883,00.html>

November 12 - 13, 2009

CANCER IMAGING SYMPOSIUM – NG3.112

"Innovations in Optical Imaging of Cancer"

December 2, 2009

John Mansour, M.D.

Assistant Professor, Surgery

TBA

<http://www.utsouthwestern.edu/findfac/professional/0,2356,95877,00.html>

Seminars on Wednesdays, 2:00 P.M.

E Building, 6th Floor, Room 224

Surgery Learning Center
