

**Aetna U.S. Healthcare®**  
**Consult and Treat Information Sheet**

- Use CPT Code 99499.
- When Consult and Treat code 99499 is indicated on the referral for HMO, QPOS and USAccess members, specialists will be reimbursed, according to current claims processing guidelines, for any covered procedure performed in an office setting except for lab and X-ray. For lab and X-ray, only procedures included in the Automatic Studies List and the attached list of lab and X-ray procedures will be covered when done by specialists in their offices under the Consult and Treat code.
- Authorize 3 visits for Consult and Treat referrals
- Specialist should not refer members to other specialists for care – the member’s PCP must issue the referral.
- Admitting physicians must precertify services as necessary.

<b>CPT CODES</b>	<b>CPT DESCRIPTION</b>
