

## Spring Seminar Series 2009

January 7, 2009

**Nima Sharifi, M.D.**

Assistant Professor of Internal Medicine-  
Division of Hematology/Oncology

"Androgen receptor status and resistance to hormonal  
therapy in prostate cancer: A role for AR imaging?"

February 4, 2009

**George Alexandrakis, Ph.D.**

Assistant Professor in Biomedical Engineering University of Texas at Arlington  
"Novel Methodologies for Optical Microscopy & Tissue Imaging Applications"

April 8, 2009

**David Gerber, Ph.D.**

Assistant Professor, Internal Medicine

"Vascular-Targeted Strategies For Lung Cancer Treatment: UTSW Clinical Trials"

April 29, 2009

**Dean Sherry, Ph.D.**

Professor, Advanced Imaging Research Center

"Molecular Imaging using MRI Responsive PARACEST Reporters"

May 6, 2009

**Weina Cui, Ph.D.**

Instructor, Advanced Radiological Sciences,  
Department of Radiology

"Gene reporters for  $\beta$ -Galactosidase"

May 13, 2009

**Fangyu Peng, M.D., Ph.D.**

Associate Professor, Radiology & Advanced Imaging Research Center  
"Molecular imaging of copper metabolism in targeted cancer therapy"

**All Seminars are on Wednesday, 2:00 P.M. E Building, 6<sup>th</sup> Floor, Room 224  
Surgery Learning Center**
