Tuesday September 15, 2020
6:00-7:00 pm

Course Directors:

Kimberly Aparicio, MD, Assistant Professor

Overview: This activity provides an opportunity to review and present what is relevant to primary care and up to date information that is applicable to day-to-day practice. In this discussion we will:

1. Describe the five main cutaneous findings in COVID-19.
2. Recognize the skin conditions in childhood that present with vesicles
3. Differentiate the skin conditions in childhood that can be dangerous from those that have a benign course

Who should attend? Residents in training, fellows, medical students and other interested health care professionals and physicians at UTSW and Community primary care.

UT Southwestern Family Medicine Grand Rounds provide an updated scientific knowledge foundation which will enhance diagnosis and treatment in the care of our patients.
