

A Randomized Phase III Study of Sublobar Resection (SR) versus Stereotactic Ablative Radiotherapy (SABR) in High Risk Patients with Stage I Non-Small Cell Lung Cancer (NSCLC)

“Stablemates Trial”

Newest active sites

Three more sites have activated as Stablemates participation continues to accelerate over the summer.

Anne Arundel Medical Center in Annapolis, Md., is led by PI Mary Young, M.D. Dr. Young is board certified in therapeutic radiology and has been affiliated with Annapolis Radiology Associates since 1993.

Joseph Whitlark, M.D., FACS, is a thoracic surgery specialist and PI for the trial at Penn State / Mount Nittany. He is board certified by the American Board of Thoracic Surgery and by the American Board of Surgery.

The effort at Swedish Medical Center in Seattle is led

by Brian Louie, M.D., a thoracic surgeon. Dr. Louie is director of research and education for the Division of Thoracic Surgery.

Subsite update

Active:

- Anne Arundel Medical Center
- CHUM-Notre Dame Hospital
- Henry Ford Health System
- Lifespan Oncology Clinical Research
- Memorial Health University
- Ohio State University
- Penn State (Mount Nittany Medical Center)
- Penrose Cancer Center
- Swedish Cancer Institute
- University of Kentucky
- University of Louisville Physicians
- University of Maryland

- UT Southwestern Medical Center
- West Clinic / University of Tennessee

Completed contracts and IRB approval:

- Boston University
- Intermountain Medical Center
- Ochsner Medical Center
- Ottawa
- University of Colorado
- Wake Forest

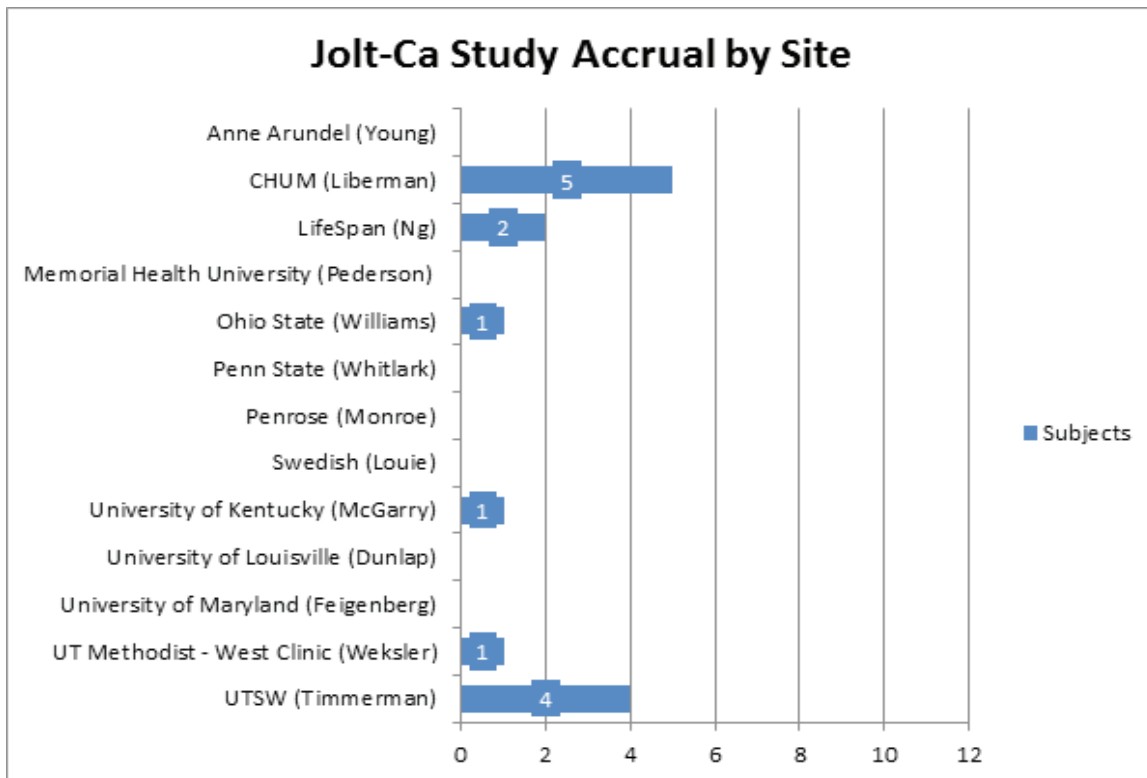

Completed contracts:

- Mayo Clinic Rochester
- Metro Minnesota
- Providence Health and Services
- Rutgers Cancer Institute of NJ

Reminder: July 15 lunch meeting in Dallas

There will be a Stablemates trial luncheon this week at the upcoming NRG meeting in Dallas. Dr. Robert Timmerman, study co-PI, and other members of the Stablemates team will be presenting updates about the study and hosting a discussion from noon-1pm on Friday, July 15 at the Sheraton. If you have any questions, please contact Lynn Baker at Lynn.Baker@utsw.edu.

Quick tips

★ **Clarification on eligibility.** Please check “Yes” on the online eligibility form in REDCap if the prospective trial participant has “no prior invasive malignancy, unless disease-free for ≥ 3 years prior to registration (exceptions: non-melanoma skin cancer, in-situ cancers)”. Some sites have been checking “No” to indicate their patients have no prior malignancies, without observing the negative phrasing of the question. Please check “Yes” for your eligible patients!

★ **Getting paid.** If we have requested a W-8 or W-9 form from your site, please expedite sending it in so that we can pay you.

★ **Patient plans.** As a reminder, please submit plans on an ongoing basis for all patients. A rapid review will be conducted prior to treatment of the first patient, while all others may be submitted after treatment.
