How to submit datasets using WeTransfer

Reminder: At this point, you should have compressed your dataset into a single file. It can be done in ZIP, WinRAR or tar.Z.

1. Go to https://www.wetransfer.com/

2. Click [I agree] blue button to accept terms and conditions as shown in Figure 1.

Figure 1

3. Add files to be uploaded as shown in Figure 2 below.

4. Add your recipient's email address to notify him/her.

5. Add your own email address to get file transfer confirmation message.

6. Click [Transfer] blue button to transfer your files.

Figure 2

It is that simple!
