10TH ANNUAL SIMULATION FORUM • 2027

Charles Morris Ginsburg Simulation-Based QI and Research Forum Abstract Submission Form

Emerging Ideas Session

Please note that this session is intended for presenters to share their ideas or work in progress. These ideas can be early in development, and the work does not need to include data or results. This session will involve a panel of experts who can provide their perspectives and advice. These oral presentations will be live via our virtual format. Priority will be given to those who submit an abstract.
