

Policy Title: Educational Resources

Original Date: June 2011
GMEC Endorsed: April 2019
Next Revision Date: April 2022

David C. Weigle, PhD, MPH
Assistant Dean for Graduate Medical Education
Designated Institutional Official

PURPOSE

Sponsoring institutions must provide necessary educational resources to assure cooperation across all programs interdisciplinary teams. UT Southwestern is committed to providing organized educational programs with guidance and supervision of the residents and fellows, facilitating the resident's professional and personal development while ensuring safe and appropriate care for patients.

PROCEDURE

As a sponsoring institution, UT Southwestern provides appropriate administrative organization and support for the conduct of Graduate Medical Education in a scholarly environment and is committed to excellence in both education and patient care. The institution will provide each program the leadership, infrastructure, and resources to enable all residency and fellowship programs to achieve full compliance with the Institutional Requirements and the Program Requirements set by the ACGME or other relevant accreditation/approval bodies. This includes any necessary provisions needed to maintain the program infrastructure including personnel, equipment, facilities and resources necessary to support an appropriate learning environment for its residents and fellows.

All programs will be monitored for compliance in providing the ethical, professional and educational environment and curricular requirements to ensure that expectations and/or requirements for clinical competence, scholarly activity and administrative compliance are achieved. Programs must perform annual reviews of program effectiveness. The Designated Institutional Official (DIO) and the GME Committee (GMEC) will monitor educational resources committed to training programs through GME Office review of each program's Annual Program Evaluation, various reports, and other relevant documentation,
