

You have a lot to consider. We have a lot to offer.

- World-renowned faculty
- Outstanding and diverse postdoc population
- Groundbreaking biomedical research
- Collaborative, cross-disciplinary environment
- Cutting-edge resources
- Innovative approach to postdoctoral training
- Dedicated, full-time career and professional development staff
- Competitive salary, benefits, and low cost of living
- Great city to call home

GRADUATE SCHOOL OF BIOMEDICAL SCIENCES

# Postdoctoral Training Program

## World-Renowned Faculty Mentors

UT Southwestern is the world's No. 1 health care institution for publishing high-quality scientific research, according to the 2018 Nature Index, and No. 5 in the world in research that drives further innovation.

### Train with the best

- > 6 faculty members have won Nobel Prizes
- > 22 members of the National Academy of Sciences
- > 17 members of the National Academy of Medicine
- > 15 Howard Hughes Medical Institute Investigators
- > 2 Breakthrough Prizes in Life Sciences

### Learn from faculty who lead

- > Scientific professional societies
- > National science policy panels
- > Boards of biomedical companies
- > Editorial boards of leading scientific journals.

"I chose to come to UTSW because I felt that both the lab and the University could provide me with all the resources and support I needed to be successful during my postdoc."

Lindsay Case, Ph.D.  
Postdoctoral Researcher,  
Department of Biophysics  
Damon Runyon Postdoctoral Fellow

"UTSW provides an excellent research environment with cutting-edge, collegial research programs and high-quality resources. I also find balanced support for basic, translational, and clinical research."

Donghoon Lee, Ph.D.  
Postdoctoral Researcher,  
Department of Molecular Biology  
Canadian Institute of Health  
Research Postdoctoral Fellow

## A Strong Foundation in Science and Professionalism

At UT Southwestern, your foundation for a successful, independent career will emphasize research and professional development.

### Develop a complete skill set

- > Scientific knowledge
- > Research skills
- > Science communication
- > Leadership
- > Ethics

All postdoctoral scholars are registered in a certificate program comprised of multiple tracks. The program is organized along the lines of continuing education and includes both research and professional development courses.

## Outstanding Facilities and Resources

State-of-the-art laboratories and more than 30 cutting-edge core facilities support our groundbreaking biomedical research.

UT Southwestern ranks fifth in the world in the number of research articles cited as significant sources in third-party patent applications, according to the Normalized Lens Influence Metric.

### Focus on career goals

A full-time, dedicated Graduate Career Development Office that serves all postdoctoral trainees provides:

- > Professional development workshops
- > Career seminars
- > Information on academic, government, and industry careers
- > Personal and transferable skills assessments
- > CV/résumé review
- > Preparation for job searches and applications

### Partner with our Postdoctoral Affairs Office and Postdoctoral Association

The Postdoctoral Affairs Office (PDO) advocates for postdoctoral scholars and their faculty mentors, oversees the postdoctoral certificate program, coordinates postdoctoral onboarding and orientation, assists with professional development, and administers postdoctoral policies.

The PDO also works closely with our Office of International Affairs to assist postdocs sponsored by visas, produces the Postdoc Handbook, and provides fellowship application assistance.

The Postdoctoral Association (PDA) is a strong community of postdoctoral scholars that sponsors and promotes scientific, professional, and social events. It works closely with the PDO to ensure the needs of postdoctoral scholars are met. You can follow the PDA on Twitter @utswpda.

UT Southwestern is also a sustaining member of the National Postdoctoral Association.

## UTSW and Dallas: Great Places to Call Home

- > Competitive salaries
- > Medical and retirement benefits
- > Membership at our Bryan Williams, M.D. Student Center
- > Discounts on parking and public transportation passes

Enjoy a thriving blend of culture and commerce in the Dallas/Fort Worth area.

**A lively arts scene** – the largest urban arts district in the country.

**Sports central** – teams in all five major professional sports and many minor league teams, too.

**Abundant parks & recreation** – more than 23,000 acres of parks and nearly 62 miles of trails.

**Music & entertainment** – theater, symphony, opera, country, pop – we have it all!

**Shop & eat 'til you drop** – unlimited shopping and more restaurants per person than New York.

**Easy access** – DFW Airport and Dallas Love Field allow convenient travel to hundreds of destinations around the world.

The area is affordable, too, with a cost of living that's lower than many other areas of comparable size and amenities.

### 2019 Cost of Living Index

SOURCE:  
[numbeo.com/cost-of-living/comparison.jsp](https://numbeo.com/cost-of-living/comparison.jsp)

According to the Bankrate.com Cost of Living Calculator, an income of **\$50,004** in Dallas is equivalent to earnings of **\$91,787** in San Francisco, **\$75,084** in Boston, **\$76,385** in Washington D.C., or **\$60,463** in Chicago.
