

METABOLISM MASTERCLASS

UT Southwestern Graduate School of Biomedical Sciences
Molecular Metabolism & Metabolic Diseases (3MD) Track

Tuesday, January 10 @ 4:00 PM

NL3.120

W. Lee Kraus, Ph.D.
Professor & Director

Department: Green Ctr for Reprod Bio Scncs | Medical School Dean's Office |
Obstetrics and Gynecology | Pharmacology

Dr. Lee Kraus will discuss his paper: Ryu K.W., Nandu T., Kim J., Challa S.,
DeBerardinis R.J., Kraus W.L. (2018) Metabolic regulation of transcription through
compartmentalized NAD⁺ biosynthesis. *Science* 360:eaan570 and p. 618. PMID:
PMC6465534

Title: "Compartmentalized NAD⁺ Synthesis and Function in the Cell"
