Cancer Immune Nanomedicine

A postdoctoral position is available in the laboratory of Wen Jiang, https://www.utsouthwestern.edu/labs/jiang-wen/, in the Department of Radiation Oncology at UT Southwestern Medical Center to study cancer immune nanomedicine development. Our laboratory https://www.utsouthwestern.edu/labs/jiang-wen/ has several exciting projects related to developing nanomedicine platform to boost the body’s immune system to fight solid tumors.

Candidates must hold a Ph.D. and/or M.D. degree. Experience in nanoengineering, tumor biology and/or tumor immunology leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program and benefits can be found in our Postdoc Handbook or at http://www.utsouthwestern.edu/postdocs.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Wen Jiang MD, PhD
UT Southwestern Medical Center
5323 Harry Hines Blvd.
Dallas, TX 75390
