Cardiomyocyte Structural Biology Position

A postdoctoral position is available in the laboratory of Dr. Hesham Sadek, https://www.utsouthwestern.edu/labs/sadek/ in the Department of Internal Medicine, Cardiology, at UT Southwestern Medical Center to study cardiac sarcomeric and scaffolding proteins. The Sadek Laboratory is focused on Cardiac Regeneration.

Candidates must hold a Ph.D. and/or M.D. degree. Experience in structural biology (including X-ray crystallography) with expertise in NMR and cryo EM is preferred. In addition, a track record of productivity and publications in well-established journals is essential.

Information on our postdoctoral training program and benefits can be found in our Postdoc Handbook or at http://www.utsouthwestern.edu/postdocs.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Hesham Sadek, MD, Ph.D.
J. Fred Schoellkopf, Jr. Chair in Cardiology
Associate Professor of Medicine, Division of Cardiology
Associate Director, Center for Regenerative Science and Medicine
UT Southwestern Medical Center
5323 Harry Hines Blvd.
Dallas, TX 75390-8573
