Postdoctoral Position in Neuroscience

A NIH-funded postdoctoral position is available in the laboratory of Dr. Weichun Lin in the Neuroscience Department at UT Southwestern Medical Center. Our research (https://www.utsouthwestern.edu/labs/lin-weichun/) focuses on cellular and molecular mechanisms of synapse formation and function, a fundamental process that is of central importance for the brain. We are seeking a highly motivated individuals with a Ph.D., and with a background in molecular biology, biochemistry and/or electrophysiology. Interested individuals should send a CV, research experience, and three letters of references to:

Dr. Weichun Lin
