Post-doctoral Fellowship in Neuroimmunology

A postdoctoral training position is available in the laboratory of Dr. Nancy Monson (https://profiles.utsouthwestern.edu/profile/12161/nancy-monson.html), in the Department of Neurology and Neurotherapeutics at UT Southwestern Medical Center to study immune mechanisms of demyelinating disease. Our laboratory (http://www4.utsouthwestern.edu/monsonlab/) has several exciting projects in Neuroimmunology related to Multiple Sclerosis, Alzheimer’s Disease, Gulf War Illness and pediatric Autoimmune Encephalitis.

Candidates must hold a Ph.D. and/or M.D. degree. Experience in molecular biology that has led to publication in peer-reviewed journals is required. An interest in Immunology, Neuroscience, and Genetics is recommended.

Information on our postdoctoral training program and benefits can be found in our Postdoc Handbook or at http://www.utsouthwestern.edu/postdocs.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Dr. Nancy Monson, Ph.D.
UT Southwestern Medical Center
5323 Harry Hines Blvd.
Dallas, TX 75390-8813
nancy.monson@utsouthwestern.edu
