Postdoctoral Opportunity in Hematopoiesis and Leukemia

A postdoctoral training position is available in the laboratory of Dr. Lily Huang, in the Department of Cell Biology at UT Southwestern Medical Center to study mechanisms underlying hematopoiesis and hematological malignancies. Our laboratory has several exciting projects related to hematopoiesis under stress, niche-hematopoiesis interaction, and leukemia.

Candidates must hold a Ph.D. and/or M.D. degree, and have a strong background in cell biology, molecular biology, biochemistry, or developmental biology. The candidate should be able to work with animal or human tissue models. Prior experience with animal models (mice) and hematology, leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program and benefits can be found in our Postdoc Handbook or at http://www.utsouthwestern.edu/postdocs.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Lily Huang, PhD.
UT Southwestern Medical Center
5323 Harry Hines Blvd.
