Postdoctoral Fellow: Host-pathogen interactions

A postdoctoral training position is available in the laboratory of Dr. Kim Orth, in the Department of Molecular Biology at UT Southwestern Medical Center to study host-pathogen interactions with an emphasis on host signaling.  [http://www4.utsouthwestern.edu/orthlab/](http://www4.utsouthwestern.edu/orthlab/)  [http://www.hhmi.org/scientists/kim-orth](http://www.hhmi.org/scientists/kim-orth)

Our laboratory has several exciting projects related to bacterial pathogenesis and the molecular tools pathogens use during infection and/or invasion. Candidates must hold a Ph.D. and/or M.D. degree. Experience in biochemistry, cell biology, neurology and/or molecular microbiology that have led to or are leading to publications in peer-reviewed journals is recommended.

Information on our postdoctoral training program and benefits can be found in our [Postdoc Handbook](http://www.utsouthwestern.edu/postdocs) or at [http://www.utsouthwestern.edu/postdocs](http://www.utsouthwestern.edu/postdocs).

Interested individuals should send a CV, statement of interests, and a list of three references to:

Kim Orth, Ph.D.
UT Southwestern Medical Center
5323 Harry Hines Blvd.
Dallas, TX 75390-9148
