Postdoctoral fellow in Lung Cancer Biology

A postdoctoral training position is available in the laboratory of Dr. Esra Akbay, https://profiles.utsouthwestern.edu/profile/75752/esra-akbay.html in the Department of Pathology at UT Southwestern Medical Center to study lung cancer biology. Our laboratory https://www.utsouthwestern.edu/labs/akbay/ has several exciting projects related to immunotherapy for lung cancer.

Candidates must hold a Ph.D. and/or M.D. degree. Experience in mouse models, cancer biology, cell culture, flow cytometry, immunohistochemistry is preferred. Applicants with prior work leading to first author publications are strongly encouraged to apply. Priority will be given to highly motivated applicants who can work independently.

Information on our postdoctoral training program and benefits can be found in our Postdoc Handbook or at http://www.utsouthwestern.edu/postdocs.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Esra Akbay, PhD
Assistant Professor
