Overview: This activity provides an opportunity to review and present what is relevant to primary care and up to date information that is applicable to day-to-day practice. In this discussion we will:

1. Identify unique needs of cancer survivors
2. Discuss approaches to cancer survivorship care delivery
3. Highlight ways in which we can increase primary care involvement in survivorship care

Who should attend? Residents in training, fellows, medical students and other interested health care professionals and physicians at UTSW and Community primary care.

UT Southwestern Family Medicine Grand Rounds provide an updated scientific knowledge foundation which will enhance diagnosis and treatment in the care of our patients.
