|                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target Audience</b>        | UT Southwestern faculty, fellows, residents and medical students, community physicians, nurse clinicians, physician assistants and nurses.                                                                                                                                                                                                                                                                                                                                        |
| <b>Purpose &amp; Content</b>  | <ol style="list-style-type: none"> <li>1. Designed to provide an ongoing forum about new developments in Internal Medicine.</li> <li>2. Lecture with illustrative slides, detailed formal protocol with illustrations and extensive bibliography. A question and answer period is provided.</li> <li>3. Facilitate interactions between various subspecialties of internal medicine and broaden understanding of changes in practice patterns in other subspecialties.</li> </ol> |
| <b>Educational Objectives</b> | <p>At the conclusion of this activity participants should be able to:</p> <ol style="list-style-type: none"> <li>1. Discuss recent clinical and research advances in the various subspecialties of Internal Medicine.</li> <li>2. Be knowledgeable about current treatment approaches.</li> <li>3. Develop comprehensive plans for care of complex patients.</li> </ol>                                                                                                           |
| <b>Accreditation</b>          | The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.                                                                                                                                                                                                                                                                                           |
| <b>Credit Designation</b>     | The University of Texas Southwestern Medical Center designates this live activity for a maximum of <i>1 AMA PRA Category 1 Credit(s)™</i> . Physicians should claim only the credit commensurate with the extent of their participation in the activity.                                                                                                                                                                                                                          |
| <b>Off-Label Uses</b>         | Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be "off-label" use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is discussed.                                                                                                                                                                                                       |
| <b>Conflict of Interest</b>   | It is UT Southwestern's policy that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker's presentations. Each speaker has completed and signed a conflict of interest statement. The faculty members' relationships will be disclosed in the handout.                                                                                                                                                        |
