

Rajal Shah is Co-guest Editor of Special Issue

Dr. Rajal B. Shah, Dr. Charles T Ashworth professor of pathology served as a co-guest editor of the Genitourinary Pathology Society (GUPS)'s special issue "Hot Topics in Urologic Pathology" published in the March issue of the journal *Advances in Anatomic Pathology*. The issue featured an editorial and 9 comprehensive practical and authoritative reviews on topics that have seen much scientific scholarship recently and represent diagnostic challenges in urologic pathology. In addition to Dr. Shah, 2 other UTSW faculty members **Dr. Liwei Jia** and **Dr. Payal Kapur** contributed an article on this issue. Dr. Shah currently serves as the president of GUPS.

Advances in Anatomic Pathology provides targeted coverage of the key developments in anatomic and surgical pathology.

The Genitourinary Pathology Society (GUPS) was formed with the vision of advancing the care of patients with urologic diseases through enhancements of best practices, research, and education in the subspecialty of Urological Pathology.
