

Mentorship Road Map

PGY2 Mentor-Mentee Program

Main Program Objectives:

- To identify and obtain support and guidance on clinical, research, personal, and administrative thoughts and ideas for residents
- To ensure each resident has at least one mentor by the end of residency

Role of the Mentorship Committee (MC):

- To increase resident satisfaction with support for clinical, research, and personal matters
- To help identify areas residents may need more support
- To help residents find a mentor or change advisors/mentors

Meeting 1: July – Sep

- Establish a mentor-mentee relationship
- Reflect on intern year and set goals for PGY2
- Discuss plans for STEP 3 (if not completed during PGY1)
- Discuss residency and career goals
- Plan next meeting

Meeting 2: Oct – Dec

- Review strengths and weaknesses from first quarter
- Discuss obtaining a psychotherapy patient
- Discuss Texas licensing application, moonlighting
- Reflect on mentoring interns
- Plan next meeting

Meeting 3: Jan – March

- Review strengths and weaknesses from second quarter
- Discuss career goals
- Discuss scheduling PGY3 rotations, electives
- Discuss progress on licensing and moonlighting
- Plan next meeting

Meeting 4: April – July

- Review strengths and weaknesses from third quarter
- Discuss whether fellowship is desired/needed
- Discuss progress on licensing and moonlighting
- Discuss goals for PGY3
- Plan next meeting
