

Immunization Requirements for Clinical Students

Signed AAMC Standardized Immunization Form

Access the form using this link: [AAMC Immunization Form](#). This form must be completed and signed by a licensed healthcare professional or designee, such as your PCP or your undergrad Student Health Clinic.

2 MMR Vaccines OR Positive Titer

If submitting serologic proof of immunity (titer), a copy of the lab report is required.

Tetanus-diphtheria-pertussis Vaccine

1 dose of adult Tdap is required. If last Tdap is more than 10 years old, you must receive another tetanus booster (Tdap or Td vaccine).

2 Varicella Vaccines OR Positive Titer

If submitting serologic proof of immunity (titer), a copy of the lab report is required.

3 Hepatitis B Vaccines AND Reactive Titer

The titer is required even if you had the Hepatitis B vaccines as a child. A copy of the lab report is required.

If the titer is non-reactive, you should receive 1 additional Hepatitis B vaccine (preferred vaccine is the Heplisav-B) and recheck the titer in 4 weeks. **This process must be completed prior to the first day of school, so start on this now.**

Tuberculosis Screening

One (1) negative TB screening (PPD skin test or IGRA blood test) on or after January 1st of the current year is required.

If you have a history of positive TB tests, you must:

- Document the date of your positive result
- Complete a chest x-ray on or after January 1st of the current year (a copy of the report is required)
- Complete a TB symptom survey completed on or after January 1st of the current year and document the date
- Submit documentation from your provider that you have been counseled on your results and Latent TB Infection (LTBI)
- If you have taken treatment for LTBI, this documentation should be included

Meningitis Vaccine

1 dose of meningitis vaccine is required for students that are **21 years of age or younger**. The vaccine must be administered within the past 5 years **and** at least 10 days prior to the first day of classes/orientation.

***Not Required:** Current flu vaccine (we will offer you one this fall), COVID-19 vaccines, or physical exam

All immunization requirements must be met prior to the start of orientation. Immunizations and testing may be obtained from your current university Student Health Services, private physician's office, city/county health department, urgent care, or other clinics.

Please call 214-645-8690 if you have any questions regarding the required immunizations.

Email or fax all immunization documentation to Student Health:
