

Externships for Visiting Medical Students

Maternal–Fetal Medicine Sub–Internship

Visiting medical students will function as interns on a team in the [Division of Maternal–Fetal Medicine](#). They will be assigned 6–8 patients in the High-Risk Pregnancy Unit at [Parkland Memorial Hospital](#).

Externs will make rounds daily and will be responsible for the care of assigned patients, including delivery. Students will have the opportunity to share their knowledge with the on-service attending during daily ward rounds. They will see patients in the OB Complications Clinic three to four afternoons a week and attend conferences with their team.

Sample Rotation Schedule

Externs should follow the schedule/duties of their team.
