

Faculty Women's Club of The University of Texas Southwestern Medical Center

Since 1943, the Faculty Women's Club (FWC) at UT Southwestern (UTSW) Medical Center has welcomed women in the UTSW community who are faculty, administrators or spouses/partners of faculty and administrators.

The FWC organizes interest groups, service projects and social events for members. It welcomes newcomers from all over the US and the world to the Medical Center community — and helps with their integration into the DFW area.

The New Members committee contacts newcomers to assess their needs and to explain the organization to them. It also ensures that they receive our newsletters. Our members-only Facebook page (www.facebook.com/groups/utswfwc) posts the newsletter, and our website (<http://www.utsouthwestern.edu/facultywomensclub>) describes our interest groups and service projects, as well as lists activities and social events.

We encourage all new and existing FWC members to contact our President or Board members if they are interested in serving on the board or helping with interest groups or service projects.

Through friendship, service and shared interests, the FWC attracts a dynamic and diverse group of women who join forces to make a difference in our community. We invite you to join us.

Please contact us at fwcwomen@gmail.com for more information.
