

Are there any resources to help us with clinical trial budgets?

There are currently three learning modules in Taleo Learn which provide tips and tools to help create a clinical trial budget and successfully negotiate with a sponsor:

- Clinical Trial Sponsor Negotiations
- Clinical Trial budgeting
- Module L Clinical Trial Accounting

The [Velos Budget Creation Tool](#) can be found in the [SPA Document Library](#).

The screenshot shows the Taleo Learn interface for UT Southwestern Medical Center. The page title is "Welcome to Taleo Learn". The navigation bar includes "Home", "FAQ/Help", "Contact Us", and "Logout". On the left, there are filters for "Display" (with checkboxes for "Display descriptions" and "Highlight search terms"), "Narrow Results" (with "Item Types" and "Categories"), and "Item Types" (with a checkbox for "Course (3)"). The main content area is titled "Search Results" and shows a search for "clinical trial budget". The results are paginated to 10 items per page. Three results are displayed, each with a green arrow pointing to it from the left:

- Clinical Trial Sponsor Negotiations**
This module introduces users to the basics of **clinical trial** sponsor negotiations for successful execution of the **clinical trial** agreement and **Budget** development. Users will learn the importance of identifying the components of a **clinical trial budget** and how to effectively negotiate payment terms and conditions. This module was created by SPA in collaboration with others.
Status: Not Attempted | Type: Course | Date Added: 11/11/2021
- Clinical Trial Budgeting**
This module introduces the **clinical** research community and provides tips to enhance the budgeting process. Users will learn the basics of **clinical trial** budgeting, such as ensuring all fees are accounted for and included and useful tips for creation of a healthy and inclusive **budget**. This module was created by SPA in collaboration with others.
Status: Not Attempted | Type: Course | Date Added: 10/14/2021
- Module L Clinical Trial Accounting**
Module L: **Clinical Trial** Accounting & Analysis Overview Level One. This module introduces the research community to the **clinical trial** finance workflow, SPA vs. PI/Dept. roles & responsibilities, system resources for which they will need to obtain access and will use to create and manage the project **budget**.
Status: Not Attempted | Type: Course | Date Added: 11/26/2019

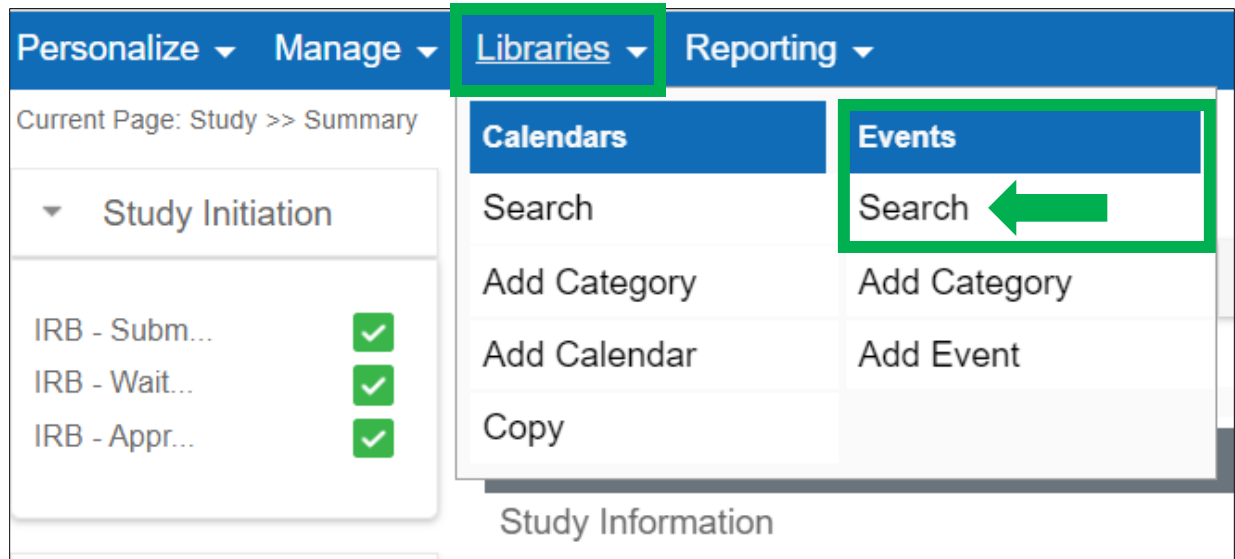

Another resource is the **Velos** pricing library (hospital pricing). To access the pricing library in **Velos**:

Login to **Velos** with your UTSW username and password. When Velos opens, click the **Study Administration icon** located at the top left of the screen.

The screenshot shows the Velos eResearch login page. The page has a header with the WCG logo and "Velos eResearch". There are two input fields: "Enter your user name" and "Enter your password". A "LOG IN" button is located at the bottom of the login form.

The screenshot shows the Velos eResearch dashboard. The top navigation bar includes "Personalize", "Manage", "Libraries", and "Reporting". The current page is "Velos eResearch >> Homepage". There is a "Search A Study" search bar. Below the search bar, there is a "Last Modified Studies" section and a "Quick Access" section. The "Quick Access" section includes a "Study Administration" icon, which is highlighted with a green box and a red arrow. The "Study Administration" icon is a blue square with a white person icon and a white document icon.

From the Study Information page, click **Libraries**, then select **Search** under the **Events** column.

From the **Event Library** tab, click the **Event Library** drop down list to view the options for the pricing library.
