

Question 6: The residual transferred to the consolidated funds was less than I expected. What is the reason?

The chart below shows the distribution of residual funds. Normally, the variance is due to SPA netting the indirect (F&A) expense before transferring the residual.

Earned Award Residual Distribution			
Amount	Central	Chair/PI	Justification Required
≤\$50	Direct and Indirect		No
>\$50 - \$1000	Indirect	Direct	No
>\$1,000 - \$10,000	Indirect	Direct	No
>\$10,000	Indirect	Direct	Yes, if >25% award amount

Basic Research	Clinical Research
Principal Investigator (PI)	Department Chair Discretion
