

# Expanded Access Application Quick Guidance for Investigational Device

Does my patient fit EAP Criteria?

Your patient (s) fits Expanded Access Criteria according to FDA regulations  
**Consultation**  
 Schedule a free one-on-one consultation to get started with your EAP application to FDA today!

**EA IDE maybe not eligible for your circumstances. Contact RSO**

Expanded Access Programs	Why?	Types?	How?
<p><b>What?</b></p> <p>Expanded Access (EA) is a program in which the FDA allows a qualified physician to access investigational medical products to treat patient(s) who has a serious condition, have exhausted standard of care therapies and be ineligible for a clinical trial</p>	<p><b>Why?</b></p> <p>Required by FDA Regulation 21 CFR 812.35(a)(2), 812.36 21 CFR 812.150(a)(4)</p> <p>*Failure to comply may result in termination of IDE, Warning Letters, Disqualifications/Restrictions/Debarments (posted on FDA website), Criminal prosecutions, prison, fines.</p>	<p><b>Emergency Use (single patient)</b></p> <p><b>Compassionate Use (single Patient)</b></p> <p><b>Compassionate Use (small group)</b></p> <p><b>Treatment Use</b></p>	<p><b>How?</b></p> <div style="display: flex; flex-wrap: wrap;"> <div style="width: 50%;"> <p><b>Emergency Use (single patient)</b></p> <ul style="list-style-type: none"> <li>Physician contacts product manufacture &amp; obtain agreement to provide product</li> <li>Physician obtains informed consent &amp; begin treatment*</li> <li>Physician notifies IRB &amp; files written request to FDA retrospectively</li> <li>Physician closes or withdraws IDE</li> </ul> </div> <div style="width: 50%;"> <p><b>Compassionate Use (single Patient)</b></p> <ul style="list-style-type: none"> <li>Physician contacts Regulatory Support Office</li> <li>Physician contacts product manufacture and obtain agreement to provide product</li> <li>Sponsor/physician submits IDE supplement Per 21 CFR 812.150(a)4</li> <li>Physician obtains informed consent after IRB &amp; begin treatment</li> </ul> </div> <div style="width: 50%;"> <p><b>Compassionate Use (small group)</b></p> <ul style="list-style-type: none"> <li>Book a one-on-one consultation today!</li> <li>Sponsor/physician submits New IDE</li> <li>Sponsor/physician obtains IRB Chair Concurrence</li> <li>Physician obtains informed consent after IRB &amp; begin treatment</li> </ul> </div> <div style="width: 50%;"> <p><b>Treatment Use</b></p> <ul style="list-style-type: none"> <li>Sponsor/physician submits follow-up report, progress reports, final reports, adverse events (AE) to FDA and IRB (submit AEs)</li> </ul> </div> </div>

\*FDA does not need to be notified prior to the emergency use of a device when a patient meets the criteria for emergency use

**At a GLANCE**

- Use EA Application Template
- FDA Review Phase 30 days for Response for non-emergency EA
- Sponsor will be notified the date FDA receives original application
- Possible Responses: Approval of treatment IDEs, Disapproval or withdrawal of approval of treatment IDEs

**Contents of an IDE Supplement to FDA requesting approval of compassionate use**

Description of patient's condition circumstances necessitating treatment	<input type="checkbox"/>
Discussion of reasons why alternative therapies are unsatisfactory	<input type="checkbox"/>
Discussion of why probable risk of using investigational device is no greater than probable risk from disease or condition	<input type="checkbox"/>
Describing any deviations in the approved clinical protocol that may be needed to treat the patient	<input type="checkbox"/>
The patient protection measures that will be followed: 1. Draft of the informed consent to be used 2. Concurrence by the IRB chairperson 3. Independent assessment by uninvolved physician 4. Authorization from device manufacturer on the use of the device	<input type="checkbox"/>

**Requirement for Compassionate Use Follow-up Report**

- Must be submitted within 45 days of device use
- Must include summary of patient outcome
- Must report Unanticipated Adverse Device Effect
