

The image features a complex, three-dimensional molecular structure rendered in a metallic, reflective blue color. The spheres representing atoms are connected by thin, cylindrical rods representing chemical bonds. The structure is dense and intricate, with many overlapping and interconnected parts, creating a sense of depth and complexity. The lighting is dramatic, with bright highlights on the spheres and deep shadows in the recesses, giving it a futuristic and scientific appearance. The text 'Structure of Clinical Research' is centered over the middle of the image in a clean, white, sans-serif font.

Structure of Clinical Research

Most research
activities at
UTSW fall
under 4 major
departments

The University of Texas at Southwestern
Medical Center
