
Research Design Studio (RDS)
Clinical and Translational Science Award
Program

The Research Design Studio (RDS)

- **RDS improves the facilitation of trial initiation and conduct to maximize the efficiency of local / multi-center trials**
- The Research Design Studio helps investigators develop their study design, connect with national collaborators, navigate local regulatory issues, and more
- The RDS offers Q&A sessions and 1:1 consultations to identify resource needs and help address any potential roadblocks that may occur during clinical/translation research development
- If a researcher is planning or taking part in a multisite/local research study and is unsure of where to begin developing their trial, please get in touch with us to learn more about the services and resources we have available within our CTSA program

Meet the Team

CORE DIRECTOR
DR. DAVID KARP, M.D., Ph.D.

CORE DIRECTOR
DR. TRACY GREER, Ph.D., MSCS

CORE PROGRAM MANAGER
JOSUE ALICEA, MSTM

**CORE MANAGER OF CLINICAL
OPERATION**
KATE ESSELINK, MSP
