

Alzheimer's Disease

A postdoctoral training position is available in the laboratory of [Dr. Barbara Stopschinski](#), in the Department of Neurology (with secondary appointments in the Center for Alzheimer's and Neurodegenerative Diseases and the Peter O'Donnell Brain Institute) at UT Southwestern Medical Center to study Alzheimer's Disease and other tauopathies. Our [laboratory](#) has several exciting projects related to the understanding of mechanisms that mediate tau propagation and connect neuroinflammation and neurodegeneration in these conditions.

Candidates must hold a recent Ph.D. and/or M.D. degree. Experience in biochemistry, protein purification, cell biology and mouse work leading to publications in peer-reviewed journals is recommended.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at <http://www.utsouthwestern.edu/postdocs>.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Barbara Stopschinski, M.D.
