

Circulating biomarkers in genitourinary cancers

Postdoctoral training positions are available in the laboratory of [Dr. Tian Zhang, MD](#), in the Department of Internal Medicine, Harold C. Simmons Comprehensive Cancer Center at UT Southwestern Medical Center to study biomarkers and immunotherapy for genitourinary cancers. Our laboratory has several exciting projects related to circulating biomarkers in kidney, prostate and bladder cancers.

Candidates must hold a recent Ph.D. and/or M.D. degree. Experience in cancer biology, translational research, biochemistry, biomedical engineering cellular and molecular biology, or medicine leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at <http://www.utsouthwestern.edu/postdocs>.

Interested individuals should send a CV, statement of interests, and a list of three references to:
