

Microbiome in pediatric infectious diseases

A postdoctoral training position is available in the laboratory of [Prithvi Raj](#), in the department of Immunology at UT Southwestern Medical Center to study the role of microbiome in pediatric infectious diseases. Our [laboratory](#) has several exciting projects to employ next generation sequencing technology (NGS) to understand the role of human microbiome in health and disease and to advance the clinical and translational medicine. Candidates must hold a Ph.D. and/or M.D. degree. Experience in genomics, genetics, microbiome and infectious diseases leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at <http://www.utsouthwestern.edu/postdocs>.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Prithvi Raj, Ph. D.

Assistant Professor of Immunology

Hartwell Investigator

Director Microbiome Research Laboratory (MRL)

BioCenter at 2330 Inwood Road, EB3.212D, Dallas, TX, 75235

Department of Immunology, UT Southwestern Medical Center

Dallas Texas, 75390-9093, Telephone: 214-648-7323

Cell: 469-275-3672, Fax: 214-648-7331
