

Postdoctoral Fellow

A postdoctoral training position is available in the laboratory of [Dr. Dan \(Amanda\) Tong](#), in the Internal Medicine - Cardiology at UT Southwestern Medical Center to study the molecular mechanisms of heart failure with preserved ejection fraction (HFpEF). Our laboratory [Tong Lab | UT Southwestern, Dallas, Texas](#) has several exciting projects related to novel pathways in HFpEF-associated atrial remodeling and contributions of immune cells in HFpEF.

Candidates must hold a recent Ph.D. and/or M.D. degree. Experience in basic cardiovascular research leading to publication in peer-reviewed journals is preferred but not required.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at <http://www.utsouthwestern.edu/postdocs>.

Interested individuals should send a CV, statement of interests, and a list of three references to:
