Postdoctoral fellow position in immunology

A postdoctoral training position is available in the laboratory of Dr. Tuoqi Wu, in the Department of Immunology at UT Southwestern Medical Center to study regulation of T cell immunity in cancer and infection. Our laboratory has several exciting projects related to 1) understand the molecular mechanism of T-cell stemness and T-cell exhaustion, 2) identify novel targets for improving the efficacy of cancer immunotherapy, and 3) understand age-associated defects in the T cell immunity.

Candidates must hold a recent Ph.D. and/or M.D. degree. Experience in immunology, cancer biology, cell biology, neuroscience or relevant fields leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at http://www.utsouthwestern.edu/postdocs.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Tuoqi Wu, Ph.D.

**Compensation & Benefits**
Postdoctoral Scholars are eligible for:
- Pay at the level of NIH NRSA stipends or higher and yearly pay review
- Health, Dental, and Vision Insurance Plans
- Retirement Benefits for employees
- Paid Time Off
- Relocation expenses for eligible appointments
- Student parking rates
- Access to the Student Center and Student Health/Student Wellness

**Dallas** offers big city excitement with quiet suburbs in a mix of Texas friendliness and cosmopolitan offerings.
