

## **Postdoctoral Position**

A postdoctoral training position is available in the laboratory of <u>Anju Sreelatha</u> in the Department of Physiology at UT Southwestern Medical Center to study the role of selenoproteins in health and disease. <u>Our laboratory</u> has several exciting projects to study the biochemical activity and physiological role of Selenoprotein O.

Candidates must hold a Ph.D. and/or M.D. degree. Experience in biochemistry, structural biology, molecular biology or cell biology leading to publication in peer-reviewed journals is recommended.

Information on our postdoctoral training program, benefits, and a virtual tour can be found at <a href="http://www.utsouthwestern.edu/postdocs">http://www.utsouthwestern.edu/postdocs</a>.

Interested individuals should send a CV, statement of interests, and a list of three references to:

Anju Sreelatha
